## Visual Turn:

**The Visual Turn** Angela Dalle Vacche, 2003 This collection of essays demonstrates the usefulness of looking at cinema with the analytical methods provided by art theory The Visual Turn is a dialogue between art historians and film theorists from the silent period to the aftermath of World War II

**The Pictorial Turn** Neal Curtis, 2013-09-13 In 1992 W J T Mitchell argued for a pictorial turn in the humanities registering a renewed interest in and prevalence of pictures and images in what had been understood as an age of simulation or an increasingly extensive and diverse visual culture However in what is often characterized as a society of the spectacle we still do not know exactly what pictures or images are what their relation to language is how they operate on observers and the world how their history is to be understood and what is to be done with or about them In this seminal collection of essays the first to be devoted to the pictorial turn theorists from across the humanities and social sciences representing the disciplines of art history philosophy geography media studies visual studies and anthropology are brought together with a paleontologist and practising artists to consider amongst other things the relation between pictures and images the power of landscape the nature of political images the status of images in the natural sciences the life of images and the pictorial uncanny With these topics in mind picture theory and iconology exceed in scope the objects of visual culture conventionally understood This book was published as a special issue of *Culture Theory and Critique*

**The Visual Culture Reader** Nicholas Mirzoeff, 2002 The diverse essays collected here constitute an exploration of the emerging interdisciplinary field of visual culture and examine why modern and postmodern culture place such a premium on rendering experience in visual form

**The Visual Turn and the Transformation of the Textbook** James A. LaSpina, 2014-04-04 A study and analysis of how the computer is transforming the textbook and our modes of literacy from print based to visual forms

**The Battle of Jutland** John Brooks, 2016-05-09 This is a major new account of the Battle of Jutland the key naval battle of the First World War in which the British Grand Fleet engaged the German High Seas Fleet off the coast of Denmark in 1916 Beginning with the building of the two fleets John Brooks reveals the key technologies employed from ammunition gunnery and fire control to signalling and torpedoes as well as the opposing commanders tactical expectations and battle orders In describing Jutland's five major phases he offers important new interpretations of the battle itself and how the outcome was influenced by technology as well as the tactics and leadership of the principal commanders with the reliability of their own accounts of the fighting reassessed The book draws on contemporary sources which have rarely been cited in previous accounts including the despatches of both the British and German formations along with official records letters and memoirs
