Yolanda Meditation Made Simple Yolanda Pettinato,2003 **The Twins of Tassar** Christine Kate Castigliano,2009-05
Alone in her ramshackle house 13 year old Yolanda Mae Crick looks in the mirror and sees a boy s face instead of her own
Yolanda follows his reflection to the ancient world of Tassar where she learns to use her extraordinary gift the vision to see
the truth But will she ever find the real boy behind the reflection Teaching and Leading with Emotional Intelligence
Peggy Daly Pizzo,2018 In this much needed text the author provides dilemma based teaching cases that teachers and early
childhood leaders can analyze and discuss to build problem solving and decision making skills Readers will reflect on
challenges they are likely to experience in practice addressing issues such as linguistically and culturally isolated children
children refusing to share with others high energy children struggling to develop self regulation and executive function and
children experiencing trauma They will also examine issues related to inadequate resources and teacher compensation Each
case portrays early childhood practitioners as they transform challenging scenarios into opportunities for the growth of social
and emotional skills This one of a kind resource can be used for professional development for courses that address the
emotional and social development of young children and with students beginning their supervised field experience to help
bridge their research and practice Book Features Original teaching cases that combine research theory and the experiences
of highly skilled teachers and leaders Compelling narratives that encourage students to generate and share inner portfolios
of emotionally intelligent strategies Discussion questions for each case designed to stimulate analytic and critical reasoning

approach that instructors can use to balance both didactic presentations and supervised field experiences Queen for a
Day Maxine Rosaler,2018-06-05 We know by page one of Queen for a Day that Mimi Slavitt s three year old son is autistic but
if we told her she wouldn t listen because she doesn t want to know until at last Danny s behavior becomes so strange even
she can t ignore it After her son s diagnosis Mimi finds herself in a world nearly as isolating as her son s It is a world she
shares only with mothers like herself women chosen against their will for lives of sacrifice and martyrdom Searching for
miracles begging for the help of heartless bureaucracies while arranging every minute of every day for children who can
never be left alone they exist in a state of perpetual crisis normal life always just out of reach In chapters told from Mimi s
point of view and theirs we meet these women each a conflicted complex character totally unsuited for sainthood and
dreaming of the day she can just walk away Taking its title from the 1950s reality TV show in which the contestants
housewives living lives filled with pain and suffering competed with each other for deluxe refrigerators and sets of stainless
