**Systemic Sex Therapy** Katherine M. Hertlein, Gerald R. Weeks, Nancy Gambescia, 2010-06-10 Systemic Sex Therapy serves as an introduction to the field of sex therapy from a systems perspective. It is an excellent resource for graduate students in marriage and family therapy programs or students and professionals who want a truly fresh perspective on sex therapy. This approach moves beyond traditional behavioral approaches to incorporate individual, couple, and intergenerational factors in etiology and treatment. Unlike current books on the market that are outdated, too advanced, simplistic, unfocused, or too diffuse in content, Systemic Sex Therapy is comprehensive, concise, highly focused on treatment, user-friendly, and contains features not found in other sex therapy texts, such as a systemic behavioral focus, clinical innovation, and a greater focus on implementation rather than competing works.
