Bailey,1922-01-01 Before entering upon the subject matter of the following articles on Initiation on the Paths that open before the perfected man and on the Occult Hierarchy certain statements may be made which seem essential for the judicious study and comprehension of the ideas submitted It is to be

recognised that throughout this volume facts are alleged and definite statements made which are not susceptible of immediate proof by the reader Lest it be inferred that the writer arrogates to herself any credit or personal authority for the knowledge implied she emphatically disavows all such claims or representations She cannot do otherwise than present these statements as matters of fact Nevertheless she would urge those who find somewhat of merit in these pages that they be not estranged by any appearance of dogmatism in the presentation Nor should the inadequacy of the personality of the writer act as a deterrent to the open minded consideration of the message to which her name happens to be appended In spiritual issues names personalities and the voice of external authority hold small place That alone is a safe guide which holds its warranty from inner recognition and inner direction It is not therefore material whether the reader receive the message of these pages as a spiritual appeal in an idealistic setting a presentation of alleged facts or a theory evolved by one student and presented for the consideration of fellow students To each it is offered for whatever of inner response it may evoke for whatever of inspiration and of light it may bring In these days of the shattering of the old form and the building of the new adaptability is needed We must avert the danger of crystallisation through pliability and expansion The old order changeth but primarily it is a change of dimension and of aspect and not of material or of foundation The fundamentals have always been true To each generation is given the part of conserving the essential features of the old and beloved form but also of wisely expanding and enriching it Each cycle must add the gain of further research and scientific endeavour and subtract that which is worn out and of no value Each age must build in the product and triumphs of its period and abstract the accretions of the past that would dim and blur the outline Above all to each generation is given the joy of demonstrating the strength of the old foundations and the opportunity to build upon these foundations a structure that will meet the needs of the inner evolving life

Initiation Jean Sybil La Fontaine,1985

**Liber DCLXXI Vel Pyramidos** Aleister Crowley,2020-09-06 Aleister Crowley

crafted Liber DCLXXI vel Pyramidos from an earlier ritual he called the ThROA or Liber 671 Both rituals are based on the Neophyte Ceremony of the Hermetic Order of the Golden Dawn While the ThoROA ritual was meant to be conducted by several officers with a candidate Pyramidos would be simplified even more to ensure it could be performed by a single person and would become one of the rituals of self initiation used within Crowley s A A even though it was never truly published While self initiation was the main goal of the ritual Crowley also designed so that it could be broken down into parts and used

in other rituals and formats as well So presented here in an affordable paperback copy meant to be bent written in used and abused is Liber DCLXXI vel Pyramidos A Ritual of Self Initiation based upon the Formula of the Neophyte along with Journal Pages attached in the back of the book to make note taking that much easier We ve also included the Neophyte Ritual of the Hermetic Order of the Golden Dawn to better assist the student in the understanding of Pyramidos It is the hope of the Editors here at Bounty of Babalon Publishing that any aspirant to the A A may now have access to this important and powerful ritual

**Perspectives on Initiation** René Guénon,2004-05 The present volume first published at the close of World War II and based on a series of articles on initiation originally written between 1932 and 1938 for Le Voile d Isis later renamed tudes Traditionnelles is unique in giving a comprehensive account both of the conditions of initiation and of the characteristics of organizations qualified to transmit it Gu non s distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and mystical spirituality are one and the same The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path This last point precisely defines the rift between Gu non and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Gu non s criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one Whoever follows Gu non s argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles But pre eminently Perspectives on Initiation provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo initiatic and countert initiatic spiritualities in these profoundly uncertain times

THE HIDDEN PATH BEHIND INITIATION NICK FARRELL, 2014-11-02 In the late 18th century, two prominent German esoteric masons wrote a fantasy about an Ancient Egyptian Magical Order called the Crata Repoa. It was influential in the development of many masonic and esoteric groups throughout the 18th and 19th centuries, and its influence can be indirectly seen on modern groups such as the Order of the Golden Dawn, the Ordo Templi Orientis, and even modern Wicca. As the knowledge of Egyptian history developed, Crata has become disregarded by those who had taken it literally, and it has been largely ignored. What Nick Farrell sets out in this book is that Crata Repoa was an example of an esoteric allegory written by two adepts to explain the path of initiation and goal posts to other esoteric experts. Once you have broken the symbolic code behind the book, you can see advice, guidance, and direction for various points of your esoteric life.

Initiation and Its Results Rudolf Steiner, 2017-09-17 Excerpt from *Initiation and Its Results: A Sequel to the Way of Initiation*. On the other hand, there is a large number of people deeply interested in the subject who were under the impression that there is only the one occultism whose home is in the East and who now eagerly welcome a teaching sprung from a Western source which shows them that they need not go beyond Europe in their search, either for genuine occult knowledge or for teachers competent to instruct those willing to fulfill the conditions necessary for the safe treading of the narrow Path leading up to the feet of the One Initiator. *Initiation in the Aeon of the Child* J. Daniel Gunther, 2014-02-15 This book's primary focus is an understanding of the change to the formulas of Initiation brought about by the advent of the New Aeon, the Aeon of the Child, in 1904. It draws deeply from Jungian psychology, world mythology, and religion, the teachings of Aleister Crowley, and the doctrines of the Mystery traditions. It explains how the revelations unique to this stage of human evolution impact the work of the individual aspirant. Much of what is written here is revealed for the first time with every attempt to do so in clear and precise language.
