Jake Cardigan has just returned from Mexico where he fell in love, nearly died and broke up the infamous Hokori cartel. But the drug kingpins whose fortunes rest on pushing Tek are still trying to do away with this devilish private eye. During a routine trip to the mall a well dressed man tries to stab Cardigan through the heart. After a quick scuffle the would be assassin is dead on the floor and Cardigan is the one who winds up in handcuffs. The dead man was an executive at a hydroponics company, an ordinary worker drone with no apparent reason to kill the detective. To stay alive and out of jail Cardigan will have to learn to steer clear of the mindless killers of Greater Los Angeles. The Rise and Fall of Revenue Farming Howard Dick, John Butcher, 1993-09-15. Until the early 1900s governments of Southeast Asia farmed out the right to run opium, gambling and other monopolies. Yet by about 1920 all of the major farms had been abolished and the collection of revenue brought under direct bureaucratic control. This book explains the rise and sudden fall of revenue farming, traces the changing fortunes of the Chinese businessmen who held the major farms and uses the study of revenue farming to examine the emergence of the modern state in Southeast Asia.

Red Star Over Malaya Cheah Boon Kheng, 2013-07-15 Red Star Over Malaya is an account of the inter-racial relations between Malays and Chinese during the final stages of the Japanese occupation. In 1947, none of the three major races of Malaya—Malays, Chinese, and Indians—regarded themselves as pan-ethnic Malayans with common duties and problems. With the occupation, they were forcibly cut off from China. Chinese residents began to look inward, towards Malaya, and stake political claims leading inevitably to a political contest with the Malays. As the country advanced towards nationhood and self-government, there was tension between traditional loyalties to the Malay rulers and the states or to ancestral homelands elsewhere and the need to cultivate an enduring loyalty to Malaya on the part of those who would make their home there in the future. As Japanese forces withdrew from the countryside, the Chinese guerrillas of the communist-led resistance movement, the Malayan People's Anti-Japanese Army (MPAJA), emerged from the jungle and took control of some 70 per cent of the country's smaller towns and villages, seriously alarming the Malay population. When the British Military Administration sought to regain control of these liberated areas, the ensuing conflict set the tone for future political conflicts and marked a crucial stage in the history of Malaya. Based on extensive archival research, Red Star Over Malaya provides a riveting account of the way the Japanese occupation reshaped colonial Malaya and of the tension-filled months that followed Japan's surrender. This book is fundamental to an understanding of social and political developments in Malaysia during the second half of the 20th century.
