Laws,Cathy Covell Waegner,2011-01-18 No other issue in our times of globalization has aroused such passionate debate as the increasingly complex transborder movements of people of all ethnicities with the self perceived from heres often struggling to maintain the illusion of separateness from intruding come heres The paradigm of

transculturality offers prospects to rethink demystify and represent cultural unity and difference assimilation and alterity in a manner that acknowledges the fissures and the fictions in traditional cultural dichotomies such as the melodramatically instrumentalized national vs foreign The interdisciplinary essays compiled in Transculturality and Perceptions of the Immigrant Other focus on the ways in which new diasporic and migrational patterns arouse ill will and conflict but also negotiation and transcultural impulses resulting in transformed meso structures in media schooling and business Investigating regional immigrant groups in the states of Virginia and North Rhine Westphalia as well as the discourses and images in public media films literature and cultural events the studies both document the contest for geographical work and community space and place it in larger theoretical and specific historical contexts Arising from an international project undertaken by senior and junior scholars from the fields of cultural studies history and sociology at Norfolk State University in Virginia and University of Siegen in Germany these essays suggest that cultural citizenship can embody dynamic expressions of belonging and strategies of empowerment which shape political and economic communities engendering in the process innovative forms of constantly negotiated hybrid identity and transmigratory affiliation **Replaceable You**
