Summer Interlude:

Ingmar Bergman Jerry Vermilye, 2002-01-01 He always is very very close to the camera and he is terribly inspiring I don't know what his magic is but it is something that makes you want to give everything you have He has respect for actors and for everybody A bad director very often doesn't have that respect Liv Ullmann's words about Ingmar Bergman hint at the consummate director he was one who knew the business the strengths and weaknesses of actors and crews the arrangement of the set the framing of the camera and all other particulars of the fine art of directing This work presents Bergman's life and work beginning with his youth in Uppsala Sweden and covering his formative years his development as an artist and his career as a world renowned director A brief synopsis for each of Bergman's films is provided with such information as producer screenwriter cinematographer editor art director music sound credits running time casts Bergman's own comments and the reactions of critics

God and the Devil Peter Cowie, 2023-10-31 Peter Cowie's book chronicles the life and the 60 year film and stage career of Bergman as he wrestles with themes of love sex and betrayal with the figure of Death hovering overhead Blending biographical information with critical comment Cowie presents a man whose life and work were intimately fused Bergman's films stand alone as beacons in film history

Wim Wenders **The Films of Ingmar Bergman**

L. Hubner, 2007-02-07 Laura Hubner is one of the first critics to analyse the elements of illusion in key films by Bergman and relate these to cultural and artistic influences on his creative output the phenomenon of Bergman as art film director and debates about modernism postmodernism and emerging feminist discourses on gender and multiplicity

Ingmar Bergman Richard Lippe, Robin Wood, 2012-12-15 An expanded version of Robin Wood's influential study of Ingmar Bergman including more recent essays on the director At a time when few reviewers and critics were taking the study of film seriously Robin Wood released a careful and thoroughly cinematic commentary on Ingmar Bergman's films that demonstrated the potential of film analysis in a nascent scholarly field The original *Ingmar Bergman* influenced a generation of film scholars and cineastes after its publication in 1969 and remains one of the most important volumes on the director This new edition of *Ingmar Bergman* edited by film scholar Barry Keith Grant contains all of Wood's original text plus four later pieces on the director by Wood that were intended for a new volume that was not completed before Wood's death in 2010 In analyzing a selection of Bergman's films Wood makes a compelling case for the logic of the filmmaker's development while still respecting and indicating the distinctiveness of his individual films Wood's emphasis on questions of value What makes a work important How does it address our lives informed his entire career and serve as the basis for many of these chapters In the added material for this new edition Wood considers three important films Bergman made after the book was first published *Cries and Whispers* *Fanny and Alexander* and *From the Life of the Marionettes* and also includes significant reassessment of *Persona* These pieces provocatively suggest the more political directions Wood might have taken had he been able to produce *Ingmar Bergman Revisited* as he had planned to do before his death In its day *Ingmar Bergman* was

one of the most important volumes on the Swedish director published in English and it remains compelling today despite the multitude of books to appear on the director since Film scholars and fans of Bergman s work will enjoy this updated volume

The Demons of Modernity John Orr,2014-03-01 Ingmar Bergman s films had a very broad and rich relationship with the rest of European cinema contrary to the myth that Bergman was a peripheral figure culturally and aesthetically isolated from the rest of Europe This book contends that he should be put at the very center of European film history by chronologically comparing Bergman s relationship to key European directors such as Carl Theodor Dreyer Jean Luc Godard Michelangelo Antonioni and Andrei Tarkovsky and also looks at Bergman s critical relationship to key movements in film history such as the French New Wave In so doing it demonstrates how Ingmar Bergman s films illustrate the demonic struggle in modernity between faith and secularity through his intense preoccupation with the malaise of intimacy

Modern European cinema and love Richard Rushton,2023-05-23 Modern European cinema and love examines nine European directors whose films contain stories about romantic love and marriage The directors are Jean Renoir Ingmar Bergman Alain Resnais Michelangelo Antonioni Agn s Varda Fran ois Truffaut Federico Fellini Jean Luc Godard and ric Rohmer The book approaches questions of love and marriage from a philosophical perspective applying the ideas of authors such as Stanley Cavell Leo Bersani Luce Irigaray and Alain Badiou while also tracing key concepts from Freudian psychoanalysis Each of the filmmakers engages deeply with notions of modern love and marriage often in positive ways but also in ways that question the institutions of love marriage and the couple

Robert Edwards Holloway Ruby Louise Gough,2005 At the young age of twenty four Robert Edwards Holloway a British schoolmaster became principal of the Wesleyan Academy in St John s During his thirty year tenure he dramatically changed the direction of the school that later became the Methodist College Ruby Gough s biography of Holloway and the Holloway Era is set against the growing social consciousness of the late nineteenth century and the major crises that shook St John s the diphtheria epidemic of the late 1880s and the Great Fire of 1892 and its aftermath Holloway was a scientist and innovative teacher who opened his classes to the public and kept up with current developments in science demonstrating new discoveries in public lectures For a time College Hall at Methodist College later named Holloway School was the site for the production of X rays and their use for diagnosis and treatment by local doctors The book is illustrated with Holloway s photographs of Newfoundland and Labrador reproduced from glass plate negatives
