## **Stalin Account:**

**Stalin** Simon Sebag Montefiore, 2007-12-18 NATIONAL BESTSELLER This widely acclaimed biography of a Soviet dictator and his entourage during the terrifying decades of his supreme power transforms our understanding of the Marxist leader and Russian tsar From the bestselling author of *The Romanovs* The first intimate portrait of a man who had more lives on his conscience than Hitler Disturbing and perplexing *The New York Times Book Review* Based on groundbreaking research Simon Sebag Montefiore reveals the fear and betrayal privilege and debauchery family life and murderous cruelty of this secret world Written with bracing narrative verve this feat of scholarly research has become a classic of modern history writing Showing how Stalin's triumphs and crimes were the product of his fanatical Marxism and his gifted but flawed character this is an intimate portrait of a man as complicated and human as he was brutal and chilling *Stalin's Great Game* Michael Jabara Carley, 2025-03-31 The period from September 1939 to early 1942 was crucial for Soviet foreign policy and coincided with the early stages of the Second World War including the Great Patriotic War In Stalin's Great Game Michael Jabara Carley unpacks the complexities of Soviet diplomacy during this time addressing key issues such as the Soviet Finnish Winter War Soviet views on the fall of France and the Battle of Britain efforts to remain neutral in Europe Soviet relations with both Britain and Nazi Germany and the formation of the Grand Alliance against the Axis powers Drawing on extensive research from multilingual archives in France Britain the United States and the USSR Carley offers a comprehensive narrative that explores Soviet intelligence activities especially of the Cambridge Five spy ring and Nazi Germany's preparations for Operation Barbarossa the invasion of the Soviet Union The book also re-evaluates historiographical debates on Stalin's interpretation of Soviet intelligence and Hitler's intentions towards the USSR The third volume in Carley's trilogy on the origins and early conduct of the Second World War Stalin's Great Game provides a fresh re-examination of key events and interpretations by both Western and Soviet historians introducing new ideas and perspectives on this critical period **Stalin's Defectors** Mark Edele, 2017-06-23 Stalin's Defectors is the first systematic study of the phenomenon of frontline surrender to the Germans in the Soviet Union's Great Patriotic War against the Nazis in 1941-1945 No other Allied army in the Second World War had such a large share of defectors among its prisoners of war Based on a broad range of sources this volume investigates the extent the context the scenarios the reasons the aftermath and the historiography of frontline defection It shows that the most widespread sentiments animating attempts to cross the frontline was a wish to survive this war Disgruntlement with Stalin's socialism was also prevalent among those who chose to give up and hand themselves over to the enemy While politics thus played a prominent role in pushing people to commit treason few desired to fight on the side of the enemy Hence while the phenomenon of frontline defection tells us much about the lack of popularity of Stalin's regime it does not prove that the majority of the population was ready for resistance let alone collaboration Both sides of a long standing debate between those who equate all Soviet captives with defectors and those

who attempt to downplay the phenomenon then over stress their argument Instead more recent research on the moods of both the occupied and the unoccupied Soviet population shows that the majority understood its own interest in opposition to both Hitler s and Stalin s regime The findings of Mark Edele in this study support such an interpretation **Reluctant Cold Warriors** Vladimir Kontorovich,2019 During the Cold War Western economic studies of the USSR neglected the military sector of the Soviet economy Were economic Sovietologists under political pressure and if so in what direction This book has broad relevance for national security uses of social science research today Adapted from dust jacket Dialectical Materialism Gustav A. Wetter,2024-11-26 Dialectical Materialism 1958 surveys the history of dialectical materialism from its Hegelian beginnings to the death of Stalin and its sequel in the celebrated XXth Party Congress of the C P S U It also presents a systematic account of the theory as it was formulated and discussed by the philosophers of the Soviet Union
