wealth of unexplored material available for the first time since the collapse of the former Soviet Union Robert Service s
biography of Stalin is the most authoritative yet published It concentrates not simply on Stalin as dedicated bureaucrat or
serial political killer but on a fuller assessment of his formative interactions in Georgia his youthful revolutionary activism his
relationship with Lenin with his family and with his party members This is effectively the first full biography since perestroika
to encompass the economic political diplomatic military administrative and above all ideological dimensions as well as the
personal aspects of Stalin s colossal life Gritty and unshowy but enlightened by Service s compelling characterisation
magisterial analysis and dry wit this outstanding biography of lightly worn authority wide research and superb intuition will

this is the first full scale biography of the Soviet dictator in twenty years *Stalin's World* Sarah Davies, James
Harris, 2014-10-14 Drawing on declassified material from Stalin s personal archive this is the first systematic attempt to
analyze how Stalin saw his world both the Soviet system he was trying to build and its wider international context Stalin
rarely left his offices and viewed the world largely through the prism of verbal and written reports meetings articles letters
and books Analyzing these materials Sarah Davies and James Harris provide a new understanding of Stalin s thought process
and leadership style and explore not only his perceptions and misperceptions of the world but the consequences of these
perceptions and misperceptions *The Stalin School of Falsification* Leon Trotsky, 2019-01-13 Banished from the Soviet
Union in 1929 one of Leon Trotsky s first political tasks was to produce this damning reply to the falsification and re writing
of Bolshevik history carried out by the Soviet Communist Party s Stalinist leadership Trotsky s decisive role in the October

Revolution the Russian Civil War and the first years of Soviet Russia is exhaustively documented in his Letter to the Bureau of Party History which was refused publication in the Soviet Union and forms the main section of this book Also included is material exposing the fraudulent attempts to re cast Stalin and his aides as key figures in the Russian Revolution which involved suppressing and tampering with historical records Other documents refute Stalin s spurious theory of Trotskyism which as Trotsky s evidence proves was devised solely to discredit the Opposition s fight for revolutionary Bolshevik principles and justify the Stalinist bureaucracy s distortion of Leninism Finally in this book we have Trotsky s own indictment of the bureaucracy s disastrous anti Leninist policies in action contained in his defence of the Joint Opposition against its expulsion from the Communist Party in 1927
