Humor and Moroccan Culture Matthew Helmke,2007 This project started as a language learning experiment Matthew Helmke was sitting in a cafe with a Moroccan having a discussion in Moroccan Arabic The friend told a joke and it was quickly discovered that vocabulary alone would not insure an understanding of humor This prompted a question What did I miss In this book Matthew Helmke explores the hidden aspects of Moroccan culture These are the things that Moroccans know inherently without being taught The result is an intriguing look through the eyes of an American trying to make sense of Moroccan culture

Rejoice, Dear Zion! Magnar Kartveit,2013-07-15 The phrase Daughter of Zion is in recent Bible translations often rendered Daughter Zion The discussion behind this change has continued for decades but lacks proper linguistic footing Parlance in grammars dictionaries commentaries and textbooks is often confusing The present book seeks to remedy this defect by treating all relevant expressions from a linguistic point of view To do this it also discusses the understanding of Hebrew construct phrases and finds that while there is a morphological category of genitive in Akkadian Ugaritic and Arabic Hebrew Aramaic and Syriac do not display it The use of this term as a syntactical category is unfortunate and the term should be avoided in Hebrew grammar Metaphor theory and the use of irony are also tools in the discussion of the phrases As a result of the treatment the author finds that there are some Hebrew construct phrases where nomen regens describes the following nomen rectum and the description may be metaphorical in some cases also ironical This seems to be the case with Daughter of Zion and similar phrases This understanding calls for a revision of the translation of the phrases and new translations are suggested
