

Teaching in Year 3 Top Tips

- Ensure you have had a conversation with the class teacher or school that you are inheriting your pupils from. This can be really helpful to highlight specific needs, identify those who need interventions and also share other information about the children or their families that may have an impact on their school life.
- Have high expectations of your class from the start of the year. Set out clear rules and systems from day one so that children know how to behave in the classroom. Write a class contract together, get each child to sign it and display it in your classroom.
- Starting year 3 can feel overwhelming for many children, particularly if they have moved from an infant to a junior school, so prepare for a few tears in the first week or two. Parents will be worried if they see their child entering school each day in tears, so letting them know that their child is fine once they are in the classroom will help reassure them.
- If you have any particularly anxious children, preparing a job to do in class as they enter the classroom (such as collecting the register or ransacking out books) can help distract them from their worries.
- Your new pupils may probably come to you if you appear to be nervous (particularly if you are going from a primary school) so be prepared to offer them a bit of support from the start. It is also helpful to get their names and faces on the register from the start.
- Make sure you follow your school's behaviour code for rewards and sanctions. Be consistent in how you use it, and it will help you to see pupils understand what is expected of them.
- Use reward booklets, house points and other systems - children love to see their progress.
- A class timetable displayed in the form of the class's usual list of activities is useful as it can be a good start to the day's work.
