Death by Laughter Maggie Hennefeld, 2024-03-19 Can you really die from laughing too hard Between 1870 and 1920 hundreds of women suffered such a fate or so a slew of sensationalist obituaries would have us believe How could laughter be fatal and what do these reports of women's risible deaths tell us about the politics of female joy Maggie Hennefeld reveals the forgotten histories of hysterical laughter exploring how women's amusement has been theorized and demonized suppressed and exploited In nineteenth century medicine and culture hysteria was an ailment that afflicted unruly women on the cusp of emotional or nervous breakdown Cinema Hennefeld argues made it possible for women to laugh outrageously as never before with irreversible social and political consequences As female enjoyment became a surefire promise of profitability alarmist tales of women laughing themselves to death epitomized the tension between subversive pleasure and its violent repression Hennefeld traces the social politics of women's laughter from the heyday of nineteenth century sentimentalism to the collective euphoria of early film spectatorship traversing contagious dancing outbreaks hysteria photography madwomen's cackling cinematic close ups and screenings of slapstick movies in mental asylums Placing little known silent films and an archive of remarkable often unusual texts in conversation with affect theory comedy studies and feminist film theory this book makes a timely case for the power of hysterical laughter to change the world

**The Praised and the Virgin** Rusmir Mahmutćehajić, 2015-01-08 In *The Praised and the Virgin* Rusmir Mahmutćehajić provides an extended theologically and philosophically informed meditation on relations between the Muslim and Christian traditions through the persons of Muhammad the Praised and Mary the Virgin as complementary bearers of God's Word He traces their presence in the extended encounter of the Abrahamic traditions that is Bosnia's past and present demonstrating how these traditions inform each other while simultaneously preserving their difference and uniqueness He lays fundamental groundwork for a more authentic dialogue based on identity and difference in history under God that is also a critique of inhumane ideologies and a modernity that has forsaken God and Man again as reflected in the historical experiences of the Bosnian people

*The Mirror of Ideas* Michel Tournier, 1998-01-01 Tournier treats pairs both lowly and exalted moving from fork and spoon horse and bull cat and dog to fear and anguish poetry and prose body and soul being and nothingness Hardly an exhaustive inventory of traditional pairs his selection nonetheless opens the door to patterns deeply embedded in culture and civilization speech and writing memory and habit

Kockelmans,2012-12-06 Over the past decades many books and essays have been written on phenomenological psychology Some of these publications are historical in character and were designed to give the reader an idea of the origin meaning and function of phenomenological psychology and its most important trends Others are theoretical in nature and were written to give the reader an insight into the ways in which various authors conceive of phenomenological psychology and how they attempt to justify their views in light of the philosophical assumptions underlying their conceptions Finally there are a great number of publications in which the authors do not talk about phenomenological psychology but rather try to do what was described as possible and necessary in the first two kinds of publications Some of these attempts to do the latter have been quite successful in other cases the results have been disappointing This anthology contains a number of essays which I have brought together for the explicit purpose of introducing the reader to the Dutch school in phenomenological psychology The Dutch school occupies an important place in the phenomenological movement as a whole Buytendijk was one of the first Dutch scholars to contribute to the field and for several decades he remained the central figure of the school Laughter Karl-Josef Kuschel,1994 Theology is not a subject especially noted for its jokes though one of the chapters in this book has a good collection of them However since laughter is such an important element in life there would be something wrong if it could not be heard in theology not mocking laughter but the laughter which indicates delight and joy And that such laughter cannot be heard today in the Roman Catholic church in its wintry season is an important indication of its problems Dr Kuschel traces a fascinating story of laughter from Sarah in the Hebrew Bible through Homer Plato and Aristotle Mozart and Kafka to Umberto Eco and *The Name of the Rose* There is a long chapter on Christian laughter and its foundations in the New Testament and there is a discussion of the Christian condemnation of laughter among the church fathers and the monastic tradition And sometimes laughter is out of place a lesson which our modern world has not really learned Jesus from whom Christianity arose was laughed at and his followers have known what it is to be laughed at too That recognition too is vital one more strand in what proves to be the rich vein of new theological insights offered here How much underlies laughter This is the kind of theology that we need the world in all its heights and depths everything clearly thought through brilliantly written and at the same time centred on the Christian message Hans Kung Karl Josef Kuschel teaches ecumenical theology and theological aesthetics in the University of Tübingen John Climacus John Chryssavgis,2017-03-02 John Chryssavgis explores the ascetic teaching and theology of St John Climacus a classical and formative writer of the Christian
