Technical Progress And Soviet Economic Development :

Technical Progress and Soviet Economic Development Ronald Amann, Julian Cooper, 1986-01-01 Western Technology and Soviet Economic Development 1917 to 1930 Antony C. Sutton, 1968 THIS is the first volume time period 1917 1930 of an empirical study of the relationship between Western technology entrepreneurship and the economic growth of the Soviet Union By far the most significant factor in the development of the Soviet economy has been its absorption of Western technology and skills The continuing transfer of skills and technology to the Soviet Union through the medium of foreign firms and engineers in the period 1917 to 1930 can only be characterized as extraordinary **Western Technology and Soviet Economic Development: 1917-1930** Antony C. Sutton, 1968 Study of the role of USA in stimulating technological change in the USSR during the period from 1917 to 1930 comprises historical background in support of the contention that western technology played a crucial role in early economic development of the ussr and covers forms of technical cooperation rendered by the USA which favoured industrial development and led to increased productivity in agriculture and in various branches of industry in the country 4 page bibliography and references Technology Transfer to the USSR. 1928-1937 and 1966-1975: George D Holliday, 2019-06-25 I wish to acknowledge the assistance of Dr Charles F Elliott and Dr John P Hardt Their guidance encouragement and gentle prodding contributed greatly to the completion of this research The Institute for Sino Soviet Studies and the Graduate Program in Science Technology and Public Policy of the George Washington University gave valuable financial assistance The final manuscript reflects the diligent and expert typing assistance of Mary Helen Holliday Seal *Western Technology and Soviet Economic Development 1945-1968* Antony C. Sutton, 2022-05-10 THIS is the third volume of an empirical study of the relationship between Western technology and entrepreneurship and the economic growth of the Soviet Union The continuing transfer of skills and technology to the Soviet Union through the medium of foreign firms and engineers in the period 1945 to 1965 can only be characterized as extraordinary Western Technology and Soviet Economic Development Antony C. Sutton, 1971-01-01 *Technical Progress and Industrial Growth in the USSR and Eastern Europe* Erkin Bairam, 1988 **Western Technology and Soviet Economic Development 1930 to 1945** Antony C Sutton, 1973-10 THIS is the second volume of an empirical study of the relationship between Western technology and entrepreneurship and the economic growth of the Soviet Union The continuing transfer of skills and technology to the Soviet Union through the medium of foreign firms and engineers in the period 1930 to 1945 can only be characterized as extraordinary A thorough and systematic search unearthed only two major items SK B synthetic rubber and the Ramzin once through boiler and little more than a handful of lesser designs several aircraft a machine gun and a motorless combine which could accurately be called the result of Soviet technology the balance was transferred from the West **The Economics of Technological Progress** Tonu Puu, Soren Wibe, 1980-12-11 *Modernisation in Russia since 1900* Markku Kangaspuro, Jeremy Smith, 2006-12-27 Modernisation has been a constant

theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic technical and cultural gap between Russia and the more advanced countries of Europe All of the leaders of the Soviet Union and post Soviet Russia have been intensely aware of this gap and have pursued a number of strategies some more successful than others in order to modernise the country But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state Modernisation has had profound effects on Russian society and the attitudes of different social groups have been crucial to the success and failure of modernisation This volume examines the broad theme of modernisation in late imperial Soviet and post Soviet Russia both through general overviews of particular topics and specific case studies of modernisation projects and their impact Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such diverse themes as ideology welfare education gender relations transport political reform and the Internet The result is the most up to date and comprehensive survey of modernisation in Russia available which highlights both one of the perennial problems and the challenges and prospects for contemporary Russia

Soviet Foreign Economic Policy and International Security Eric Stubbs,2019-07-26 More than half a decade has passed since Gorbachev launched his prerestroika programme to reform the Soviet Union but the struggle between reformers and conservatives continues to rage while the final outcome and even the goals of the programme remains a mystery Whatever the outcome of this transformation its impact will reverberate well beyond the borders of the USSR to shape US security and commercial policies into the next century This edited volume brings together original essays by US Soviet relations scholars and international business and security experts to explore the many complex and critical issues that the United States must confront in developing its commercial and security policies for the next decade

Western Technology and Soviet Economic Development Antony C. Sutton,1971

Western Technology and Soviet Economic Development Antony C. Sutton,1985

Law And Economic Development In The Soviet Union Peter B. Maggs,2019-03-04

In the past Soviet policymakers planners and jurists in their enthusiasm for economic and technological development devoted little attention to the often negative consequences of modernization New concerns however have become apparent in recent literature statutes and decrees In this book political scientists and experts on Soviet law address many of those concerns analyzing the legal issues associated with economic modernization in the USSR The central themes of the book are the increasingly centralized nature of the policymaking process in the USSR and Eastern Europe and the marked tendency to rely on law as a principal mechanism for managing the undesirable consequences of scientific and technological progress The authors also assess the impact of the scientific technical revolution on Soviet East European relations and East West relations emphasizing the foreign policy consequences of increased financial and technological interdependence The study does not deal with narrow legalistic issues of technical progress rather its focus on policy questions reflects the inclination of Soviet and Eastern European governments to view those questions in terms of law and legislative activity and to see law as

an instrument of social engineering **Western Technology and Soviet Economic Development** Antony Cyril Sutton,1971 *The Disintegration of the Soviet Economic System* Michael Ellman,Vladimir Kontorovich,2023-06-14 The Disintegration of the Soviet Economic System 1992 examines in detail the collapse of the Soviet economic system and is set in its political context both international and domestic The collapse is looked at from a macroeconomic point of view both real and financial as well as from a mesoeconomic viewpoint with chapters on such important sectors such as agriculture and the railways Because the USSR is such a large country it is also looked at in a regional perspective with chapters on Central Asia and the allocation of investment between republics and attention is also paid to the welfare of the population their health and the development of their consumption and the environment and technical progress **Soviet Studies Guide** Tania Konn,1992 Critical bibliographic references to core literature on land environment and people Soviet history society and culture government and politics international relations armed forces economy business science and technology and general reference **East-West Technology Transfer** Morris Bornstein,1985 *Economic Review of the Soviet Union* ,1929
