Political Terrorism Jeffrey Ian Ross, 2006 The salient feature of this book is its comprehensive but concise approach to the field of terrorism particularly its causes and effects and the application of this information to selected case studies Political Terrorism An Interdisciplinary Approach is easy to read and designed to answer common questions asked by undergraduate and graduate students without prior exposure to the study of terrorism This book is accessible to practitioners those individuals working or aspiring to work in the fields of criminal justice and national security and policymakers in the counterterrorism field as well as members of the mass media covering stories on terrorism Political Terrorism is sensitive to the global ramifications of terrorism and the responses to it This book maintains a balance between realism and sensationalism and offers a more comprehensive understanding of the causes and effects of terrorism than do most other texts Political Terrorism integrates scholarly analysis with current events by relying on recent media accounts and information gathered by responsible news outlets The text features end of chapter questions as well as exhibit boxes that provide background details on items of interest to students and instructors *Constructions of Terrorism* Michael

Marianne Vardalos, 2009 Engaging Terror A Critical and Interdisciplinary Approach is a collection of select extended papers drawn from The Human Condition Series THCS conference on Terror that took place in May 2008 The international scope of the conference drew participants from twenty three countries including Brazil Columbia Cuba France Israel Lebanon Lithuania New Zealand Nigeria Pakistan the Philippines Scotland Singapore South Africa Turkey and the United Kingdom The thirty five essays presented here are a representative sample of the interdisciplinary discussion which sought to analyze

popular concepts like terrorism and terrorist as social political and psychosocial phenomena Engaging Terror seeks to reveal the diverse forms of terror that persist in contemporary societies For instance cultural forms such as the fine arts film literature mass media religion and market economy continue to define and limit rationality and freedom through institutionalized forms of terror In this way terror shapes our experiences not only through the politics of nation building and international relations but also through the social and ideological production of fear in everyday life Topics covered in this volume include the representation and production of terror from a multiplicity of sites ranging from mental health practices and organized religion to news coverage and musical scores This book will appeal to both scholars and general readers interested in how seemingly benign forms of terror shape and maintain the contemporary human condition Reaching beyond mainstream studies on terror as simply an international political phenomenon this interdisciplinary collection of work multiplies the fields of critical research to broaden the scope of analysis and fundamentally challenge the state of modernity

Terrorism and Torture ,2009 Terrorism and torture are twin evils that have dominated news headlines particularly since the horrifying events of 9 11 In this thought provoking volume scholars from a diverse range of disciplines examine the complex motivational and situational factors contributing to terrorist acts and state sponsored torture and the potential linkage between those two heinous human behaviors They also consider the strategies that might reduce the threat of future terrorist acts and the perceived necessity to engage in morally reprehensible and often illegal torture practices With its integrated synthesis of contemporary theories and research on the complex dynamics of the terrorism torture link this is an authoritative source for scholars and students of psychology criminal justice law media communication studies and political science It will also appeal to students of other disciplines with an interest in the study of terrorism and torture R sum de l
