The Birth Project:

The Birth Project Judy Chicago, 1985 Fifty full color and 350 black and white photographs illustrate the Birth Project exhibit conceived by Judy Chicago based on nearly one hundred of her works and needleworked by women across the country Between 1980 1985 Judy Chicago designed dozens of images on the subject of birth and creation to be embellished by needleworkers around the United States Canada and as far away as New Zealand Formatted into provocative exhibition units which included both needleworks and documentary materials these works toured the country and Canada eventually placed by Through the Flower in numerous institutions where they are on public view or used as part of university curricula Prior to the Birth Project few images of birth existed in Western art a puzzling omission as birth is a central focus of many women s lives and a universal experience of all humanity as everyone is born Seeking to fill this void Judy Chicago created multiple images of birth to be realized through needlework a visually rich medium which has been ignored or trivialized by the mainstream art community *Judy Chicago* Vytautas Babusis, 1986 The Birth Project is a celebration of birth but it also shows the anxiety agony of labor ambivalence of emotions in pregnancy and other aspects of birth and feminist goals Judy Chicago has created a mode of art to reveal how women feel about birth and life Vytas Babusis page 3 **Judy Chicago** Judy Chicago, 1985 Judy Chicago's Birth Project Born Again Viki D.
