The Party System

A. Knapp

The Party System:

The American Party System Charles Edward Merriam, Harold Foote Gosnell, 1929 **Dynamics of the Party System** James L. Sundquist, 1973 Focusing on three major realignments of the past those of the 1850s the 1890s and the 1930s Sundquist traces the processes by which basic transformations of the country's two party system occur From the historical case studies he fashions a theory as to the why and how of party realignment *The Party System in America* William Goodman, 1980 **American Politics and the Party System** Hugh Alvin Bone, 1949 The party system. Public opinion. Illustrations and reflections. Social institutions James Bryce Bryce (Viscount), 1891 Parties and the Party System in France A. Knapp, 2004-03-12 The French elections of 2002 broke all records for fragmentation abstention and far right protest voting yet returned incumbent President Chirac in triumph and gave him a solid basis of parliamentary support Parties and the Party System in France seeks to explain the paradox of France's current relationship to politics through a comprehensive analysis of French political parties and their interaction over the last fifty years set against the two contexts of French history and of contemporary theories of parties and party systems The Idea of a Party System Richard Hofstadter, 1969 This volume traces the historical processes in thought by which American political leaders slowly edged away from their complete philosophical rejection of a party and hesitantly began to embrace a party system The author's analysis of the idea of party and the development of legitimate opposition offers fresh insights into the political crisis of 1797 1801 on the thought of George Washington Thomas Jefferson James Madison James Monroe Martin Van Buren and other leading figures and on the beginnings of modern democratic politics **The American Party System** Charles Edward Merriam, 1923 **Dynamics of the Party System** James L. Sundquist, 2011-10-01 Since the original edition of *Dynamics of the Party System* was published in 1973 American politics have continued on a tumultuous course In the vacuum left by the decline of the Democratic and Republican parties single interest groups have risen and flourished Protest movements on the left and the New Right at the opposite pole have challenged and divided the major parties and the Reagan Revolution in reversing a fifty year trend toward governmental expansion may turn out to have revolutionized the party system too In this edition as in the first current political trends and events are placed in a historical and theoretical context Focusing upon three major realignments of the past those of the 1850s the 1890s and the 1930s Sundquist traces the processes by which basic transformations of the country's two party system occur From the historical case studies he fashions a theory as to the why and how of party realignment then applies it to current and recent developments through the first two years of the Reagan presidency and the midterm election of 1982 The theoretical sections of the first edition are refined in this one the historical sections are revised to take account of recent scholarship and the chapters dealing with the postwar period are almost wholly rewritten The conclusion of the original work is in general confirmed the existing party system is likely to be strengthened as public attention is again riveted on domestic economic issues and the headlong trend of recent decades

toward political independence and party disintegration reversed at least for a time

Party System Change, the European Crisis and the State of Democracy Marco Lisi, 2018-08-06 Party systems are crucial elements for the functioning of political systems and representative democracies With several European countries experiencing significant changes recently it is necessary to update our knowledge This volume analyses party system changes in Europe in the 21st century by considering several dimensions such as interparty competition the cleavage structure electoral volatility and the emergence of new actors The book describes the principal continuities and changes in party systems in Europe analyzes the main explanations for these trends and assesses the impact of the crisis on the patterns observed By considering a wide range of Western and Eastern European countries and focusing on the parameters of party system change this book seeks to fill an important gap in the literature through a comparative analysis of the evolution of party systems in Europe over the last decades This book will be of key interest to scholars and students of political parties party systems and politics electoral behavior as well as more broadly to European politics comparative politics political representation and the quality of democracies

The French party system Jocelyn Evans, 2018-07-30 This book provides a complete overview of the of parties in France The social and ideological profiles of all the major parties are analysed chapter by chapter highlighting their principal functions and dynamics within the system These are complemented by analyses of bloc and system features including the pluralist left Europe and the ideological space in which the parties operate In particular the book addresses the impressive capacity of French parties and their leaders to adapt themselves to the changing concerns of their electorates and to a shifting institutional context An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

The Collapse of a Single-Party System Graeme J. Gill, 1994-10-13 This 1994 book traces the disintegration of the Communist Party of the Soviet Union from 1985 to December 1991

Party System in India Ajay K Mehra, India's party system has been under flux transformation and reconfiguration since the end of the 1980s By the time the sun set on the twentieth century the party system in India had developed a plurality of national and regional levels and following several experiences in fits and starts coalition making among the parties too stabilized at the national level The dawn of twenty first century thus witnessed a federalized party system in place where coalition making and cohabitation amongst the parties stabilized at both national and regional levels As a result since 1999 India has had two completing governments completing their full term at the national level the third UPA II has completed four years and despite hiccups is likely to complete its full term till mid 2013 However the party system in the country has turned competitive and several trajectories of alternation are being attempted by parties and leaders making the emerging political situation fluid The volume attempts to capture the emerging trajectories of the party system in India in the second decade of the twenty first century with seventeen essays written specially for this volume by scholars who met several times to discuss and formulate questions and critique each other's drafts Overall the volume provides an incisive and comprehensive analysis of the far reaching changes that India's

political parties and party system are undergoing It looks into the institutional dimensions processes and agenda federal manifestations transitions including generational change and extraneous influences brought in by globalization Indian Diaspora and the impact of new media technology Constituting an important contribution to the on going debate on the Indian party system this volume will attract the attention of students of Indian politics political science democracy party systems and comparative politics

The American Party System and the American People Fred I. Greenstein, Frank B. Feigert, 1985 *Two Parties--or More?* John F Bibby, 2019-05-20 Students of American government are faced with an enduring dilemma Why two parties Why has this system remained largely intact while around the world democracies support multiparty systems Should our two party system continue as we enter the new millennium This newly revised and updated edition of *Two Parties Or More* answers these questions by

The American Political Party System Michael C. LeMay, 2017-06-22 What historical factors transformed American politics into the institution we know today This in depth look at America s party system traces its efficacy sustainability and popularity through six influential presidencies spanning 1790 to the present day Did President Obama s election serve as the impetus to the development of a seventh political party system This compelling text sheds light on the American political process as seen through the lens of six pivotal presidencies that shaped America s culture politics and society and considers how our current president may be the latest transformative leader in this lineage Covering two centuries of politics the work offers insight into the American political machine and reveals how and why the two party system became so dominant in American politics Topics include the media s focus on the horse race aspect of elections the declining importance of party identification and the impact of the geographical split that results in swing states and gerrymandered districts The work begins by dividing 200 years of politics into 6 periods influenced by a transformative president and discussing the profile of the party system in each era The next section presents essays contributed by activists across a myriad of political parties and profiles leading political actors and organizations The final section includes tables primary source documents reference lists a detailed glossary and a timeline of the development of American political parties that help elucidate the text and show the role political parties have played throughout history

Democracy and the American Party System Austin Ranney, Willmoore Kendall, 1974 **The American Political Party System** John S. Jackson, 2014-10-14 From party polarization elections and internal party politics to the evolution of the U S presidency John S Jackson s new book has something for everyone interested in American politics Beginning with a discussion of the creation of the U S government to the formation of today s political powerhouses Jackson provides a narrative sweep of American party history like none other Unique to this book is a detailed breakdown of the evolution of political parties from 1832 to the current era Jackson explains how the reform era came to be as well as how it produced the polarized party era we have today In doing so he guides the reader to an appreciation of where U S party politics originated and the aspirations of those who

helped create the current system Jackson also examines the internal mechanisms and personalities of the Democratic and Republican parties He compares multiple presidential elections thus telling a broader story of the unfolding of today s party polarization and gridlock He also explores the theoretical meaning of the changes observed in the parties from the responsible party model perspective The themes of continuity and change are set in the context of group think versus rational decisionmaking Specific focus is given to political elites who are sophisticated about politics and who make strategic decisions but are also bound by their humanity and occasionally fail to see the right deci sion due to their own personal biases This book will be particularly useful for those who want to explore polarization the responsible parties model the rational actor model and anyone who wants to better understand elections party politics and the evolution of the presidency

The Party System Introduction

In today's digital age, the availability of The Party System books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Party System books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Party System books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Party System versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Party System books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Party System books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Party System books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Party System books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient

means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Party System books and manuals for download and embark on your journey of knowledge?
