**The Tobacco Road Less Traveled** Jerry Wayne Jodice, 2014-10-06 *Clear-Cutting Eden* Christopher Rieger, 2025-12-15 *Clear Cutting Eden* explores how Southern writers have reimagined the pastoral tradition in response to ecological change and environmental degradation Christopher Rieger examines literary portrayals of nature land use and cultural identity revealing how Southern literature grapples with the tension between idealized landscapes and ecological realities

*Erskine Caldwell* Harvey L. Klevar, 1993 Since the 1930s Erskine Caldwell's writings have provoked laughter and pathos curiosity and disbelief His perplexing characters comically motivated only by their instincts for survival allowed Caldwell to illustrate the duality of human nature as he explored the social issues of his times in such celebrated novels as *Tobacco Road* and *God's Little Acre* Behind Caldwell's social protest and his comic characters lay a man whose life imitated art A rural southerner who later moved among the movie industry's famous and powerful Caldwell led a life as compelling as any of his fiction As Harvey Klevar weaves the threads of this life into the cultural tapestry of the times he explores the myriad of personal forces and world events that contributed in the 1930s to Caldwell's popular acclaim and later to his descent from literary grace A recluse in both his personal life and in his public writing Caldwell offered little direction to those seeking clues to his literary intentions Klevar argues that Caldwell should have shared more in the accolades heaped upon his contemporaries Faulkner Hemingway and Steinbeck but ultimately his personal idiosyncrasies encouraged his underestimation by the literary establishment Proving that a careful reappraisal of Caldwell's life lends critical insight into his writings and career Klevar's work unveils an inventive artist who skillfully combined social phenomena with personal experience to offer unique insights into the telling of the human story

**A New Heartland** Janet Galligani Casey, 2009-04-16 Casey develops a complex and multi-faceted account of representations of rural women in literature photography periodicals and other strands of U.S. culture in the first half of the twentieth century She shows that attention to the position of rural women enriches and complicates our understanding of modernity Such women are typically left out of debates about female experiences of modernity accounts that are usually centered on urban experience they are also sidelined in prevailing discussions of farming and rural life that center on men The book unearths a rich history of representations of farm women that speaks to their ambivalent and often conflictual relationship to both tradition and modernity Casey explains why rurality was such a compelling topic for women writers and

artists and makes a strong case for the aesthetic and political complexity of representations of rural women's lives. Her argument has significant implications for both modernist studies and American studies. It breaks new ground in bringing accounts of rural life into explicit dialogue with theories of modernity and in drawing attention to texts unearthed through Casey's extensive archival research. *The Virginia Quarterly Review*, 1941 **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
