## War Canoe:

*Big Chief Island* R. C. May, 2017-12-11 It is 1980 and the United States has just beaten Russia winning the Olympic gold medal in hockey There is no question that people of the world have witnessed a miracle on the ice Carl White Hawk and Henry White Rock are worlds apart Although their names sound nearly identical their lives could not be more different Carl is a communications major at Slippery Rock University and an elite hockey player who wants more than anything to add an exclamation point to the end of his college career by winning his final competition the National Club Hockey Championship Henry the grandson of the chief of the Rocnaya Nation in Northern Canada must prove himself worthy of becoming a brave by winning the Nations most important competition But as they prepare for the most important day in their lives Carl and Henry have no idea that their two worlds are about to collide and create new destinies for both of them *Big Chief Island* shares the tale of an elite hockey player and a First Nation warrior as each struggles to understand their place in the world as forces beyond their control guide their paths Brunonian, 1892 Iconography of New Zealand Maori Religion D.R Simmons, 2023-09-20 Scholarly monographs on topics in religious iconography Bulletin Dominion Museum (N.Z.), 1906 *The Brunonian* Brown University, 1891 **Anthropological Series**, 1930 **The Ranger School** Brad Woodward, 2012-05 Recreative Athletics National Recreation Association, Playground and Recreation Association of America, 1929 The Journal of the Polynesian Society Polynesian Society (N.Z.), 1905 Vols for 1892 1941 contain the transactions and proceedings of the society **Spaces of Insurgency** Elias Edise Courson, 2025-05-15 The dominant scholarly and policy discourse on the insurgencies and conflicts in Nigeria s oil rich Niger Delta has been significantly shaped by the resource curse narrative This influential framework deeply integrated into wider debates concerning neoliberal globalization security and development as evidenced by the World Bank s 2011 World Development Report on security conflict and development positions the Niger Delta as a key case study The region s unique context a global oil and gas industry operating within a pluri ethnic federal system and a complex social field characterized by a range of contentious struggles from chieftainship disputes to electoral and territorial conflicts seemingly reinforces this narrative However this book argues for a necessary shift in focus towards a historical and spatial analysis of crisis from the 19th century to the present Such an approach it contends is crucial for understanding the deep seated and unresolved animosities that underpin contemporary tensions in the region By critically interrogating resource curse narratives in the Niger Delta conflicts insurgencies that have emerged since the 1990s this book demonstrates the layered and historically contingent nature of these conflicts Employing an interdisciplinary and comparative methodology it reflects on the specific ways in which political violence and the security development nexus in Africa a subject of considerable academic attention since the 1980s are situated within broader global patterns of knowledge production The central contribution of this book lies in its analysis of how spatial dynamics particularly the interplay between west and east and inter regional politics are fundamental to a more
