Each player shuffles all permanents he or she owns into his or her library, then reveals that many cards from the top of his or her library. Each player puts all artifact, creature, and land cards revealed this way into play, then puts all enchantment cards revealed this way into play, then puts all cards revealed this way that weren't put into play on the bottom of his or her library in any order.

2022 MARVEL *The Birth of the Soviet Secret Police* Boris Volodarsky, 2023-05-31 This book is new in every aspect and not only because neither the official history nor an unofficial history of the KGB and its many predecessors and successors exists in any language In this volume the author deals with the origins of the KGB from the Tsarist Okhrana the first Russians secret political police to the OGPU Joint State Political Directorate one of the KGB predecessors between 1923 and 1934 Based on documents from the Russian archives the author clearly demonstrates that the Cheka and GPU OGPU were initially created to defend the revolution and not for espionage The Okhrana operated in both the Russian Empire and abroad against the revolutionaries and most of its operations presented in this book are little known The same is the case with regards to the period after the Cheka was established in December 1917 until ten years later when Trotsky was expelled from the Communist Party and exiled and Stalin rose to power For the long period after the Revolution and up to the Second World War and indeed beyond until the death of Stalin the Cheka's main weapon was terror to create a general climate of fear in a population In the book the work of the Cheka and its successors against the enemies of the revolution is paralleled with British and American operations against the Soviets inside and

outside of Russia For the first time the creation of the Communist International Comintern is shown as an alternative Soviet espionage organization for wide scale foreign propaganda and subversion operations based on the new revelations from the Soviet archives Here the early Soviet intelligence operations in several countries are presented and analyzed for the first time as are raids on the Soviet missions abroad The Bolshevik smuggling of the Russian imperial treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB

Faith in the Face of Militarization Jude Lal Fernando,2021-04-05 What does believing mean in the face of empire and militarization These essays articulate the critical and liberating consciousness shared by oppressed peoples across the world arising from a faith in the God of the oppressed expressed in radically diverse ways and resisting the imperialist deities of materialism read economic growth racism and militarization that falsely appear as the saviors of humanity The authors confront these false gods which form the modern empire worshiped by the most dominant militarized states in the world and followed by their allied states even in the midst of a worldwide pandemic Out of the eleven articles two are written by critical political analysts with an anti colonial lens while recognizing the importance of faith in resistance The rest are written by theologians who critically reflect on their faith within the context of empire and militarization in their societies Militarization is among the most brutal forms of oppression on the resisting peoples The theologies that have emerged from critical reflections on their collective experiences are grounded on a material spirituality as opposed to materialistic racist and militaristic godlessness This collection has emerged out of creative and transformative practices in Africa Asia Latin America the Pacific and the US The essays are divided it into four sections in recognizing some of the key features of material spirituality indigenous feminist and interreligious voices and horizontal solidarity With contributions from Michael Lujan Bevacqua Wati Longchar Nidia Arrobo Rodas Rasika Sharmen Pieris Lilian Cheelo Siwila Young Bock Kim Dan Gonzales Ortega Erin Shea Martin Mark Braverman Joshua Samuel Phil Miller
