... Washington's Farewell Address to the People of the United States George Washington, Elroy McKendree Avery, 1910
Washington's Farewell Address George Washington, 1906 **Washington's Farewell Address, and Webster's Bunker Hill Orations** George Washington, 1906 *Reluctant Crusaders* Colin Dueck, 2008-03-17 In *Reluctant Crusaders* Colin Dueck examines patterns of change and continuity in American foreign policy strategy by looking at four major turning points the periods following World War I World War II the Cold War and the 9 11 terrorist attacks He shows how American cultural assumptions regarding liberal foreign policy goals together with international pressures have acted to push and pull U S policy in competing directions over time The result is a book that combines an appreciation for the role of both power and culture in international affairs The centerpiece of Dueck s book is his discussion of America s grand strategy the identification and promotion of national goals overseas in the face of limited resources and potential resistance One of the common criticisms of the Bush administration s grand strategy is that it has turned its back on a long standing tradition of liberal internationalism in foreign affairs But Dueck argues that these criticisms misinterpret America s liberal internationalist tradition In reality Bush s grand strategy since 9 11 has been heavily influenced by traditional American foreign policy assumptions While liberal internationalists argue that the United States should promote an international system characterized by democratic governments and open markets Dueck contends these same internationalists tend to define American interests in broad expansive and idealistic terms without always admitting the necessary costs and risks of such a grand vision The outcome is often sweeping goals pursued by disproportionately limited means The Student's Journal , 1898 ... **Webster's First Bunker Hill Oration and Washington's Farewell Address** Daniel Webster, Fred Newton Scott, 1905 **Memorable American Speeches: Democracy and nationality.
