Watchtower Chaos:

Watchtower Chaos Valerie Tomsett, 1974-01-01 **Play it Again: Cover Songs in Popular Music** Professor George Plasketes, 2013-01-28 Covering the musical practice of one artist recording or performing another composer's song has always been an attribute of popular music. In 2009 the internet database Second Hand Songs estimated that there are 40,000 songs with at least one cover version. Some of the more common variations of this appropriationist method of musical quotation include traditional forms such as patriotic anthems, religious hymns such as Amazing Grace, Muzak's instrumental interpretations, Christmas classics and children's songs. Novelty and comedy collections from parodists such as Weird Al Yankovic also align in the cover category, as does the larcenous art of sampling and technological variations in dance remixes and mash ups. Film and television soundtracks and advertisers increasingly rely on versions of familiar pop tunes to assist in marketing their narratives and products. The cover phenomenon in popular culture may be viewed as a postmodern manifestation in music as artists revisit, reinterpret, and re-examine a significant cross-section of musical styles, periods, genres, individual records, and other artists and their catalogues of works. The cover complex, with its multiple variations, issues, contexts, and re-contextualizations, comprises an important and rich popular culture text. These re-recordings represent artifacts which embody artistic, social, cultural, historical, commercial, biographical, and novel meanings. Through homage, allusion, apprenticeship, and parody among other modes, these diverse musical quotations express, preserve, and distribute popular culture, popular music, and their intersecting historical narratives. *Play it Again* represents the first collection of critical perspectives on the many facets of cover songs in popular music. **The Watchtower**, 1925 **The Angels' Message to Humanity** Gerald J. Schueler, Betty Schueler, 2002-09-08 Initiate yourself into one of the most enriching and powerful systems of magick anywhere. *The Angels Message to Humanity* presents a radical new system of 88 graded paths based on mandalas created from the five Enochian tablets. Incorporating ritual magick, creative visualization, yoga, and mantras, nothing apart from this book is needed for these initiations. The revised pathworking rituals in *The Angels Message to Humanity* allow a magician to fully explore the Enochian system of magick alone or with others. Explore alternative methods of skrying and ritually working with the Watchtowers. Build the Enochian Cube as a powerful three-dimensional model of the magickal universe through advanced pathworking rituals. Geared to the intermediate or advanced magickal student, this book is divided into easy-to-read text and endnotes containing helpful references and technical information, as well as 121 illustrations and 8 color plates.
