Wave Good Bye:

Saying Hello; Waving Goodbye Nancy Hoch, 2006-12 Remarkable scientific research mapping the human genome reveals how similar we all are to each other Only a tiny fraction of difference separates us one from another Each of us says Hello to our individual experience here on earth and each of us will ultimately and assuredly say Goodbye Between those landmark events in our lives there are all kinds and types of Hellos and Goodbyes some happy some sad some funny and all part of the amazing school called life This book awakens us to both the glitter and sometimes the gloom that life presents on an almost daily basis It awakens a realization that life is truly important and meaningful and that each day is a gift to be opened and treasured

Understanding Lord of the Flies Kirstin Olsen, 2000-05-30 A seemingly simple tale of schoolboys marooned on an island Lord of the Flies has proven to be one of the most enigmatic and provocative pieces of literature ever published This casebook probes the many layers of meaning in the novel examining its literary philosophical historical scientific and religious significance Beginning with a literary analysis that explores the universality of the novel s characters the story is considered as subversion of the adventure tale comparing it to such classics as Treasure Island and Robinson Crusoe From these literary depictions of savagery this study delves deeper confronting the long running philosophical and biological debates about human nature that have absorbed such influential thinkers as Rousseau and Darwin The full meaning of Lord of the Flies is further contextualized by tracing historical views on civilization from the Victorian perspective to the very real horrors of World War II This casebook integrates analysis and primary documents with excerpts from materials as diverse as the Bible the writings of Darwin and war crimes interviews to explore the very nature of human aggression and evil This book will spark students to consider intriguing connections between Golding s masterpiece and broader concepts of civilization altruism political leadership responsibilities and the history of western imperialism The interdisciplinary approach of this
