**Homemaking for the Apocalypse** Jill Anderson, 2021-04-20 In *Homemaking for the Apocalypse* Jill E Anderson interrogates patterns of Atomic Age conformity that controlled the domestic practices and private activities of Americans Used as a way to promote security in a period rife with anxieties about nuclear annihilation and The Bomb these narratives of domesticity were governed by ideals of compulsory normativity and their circulation upheld the wholesale idealization of homemaking within a white middle class nuclear family and all that came along with it unchecked reproduction constant consumerism and a general policing of practices deemed contradictory to normative American life *Homemaking for the apocalypse* seeks out the disruptions to the domestic ideals found in memoirs Civil Defense literature the fallout shelter debate horror films comics and science fiction engaging in

elements of horror in order to expose how closely domestic practices are tied to dread and anxiety Homemaking for the Apocalypse offers a narrative of the Atomic Age that calls into question popular memory's acceptance of the conformity thesis and proposes new methods for critiquing the domestic imperative of the period by acknowledging its deep tie to horror

*The Jet Sex* Victoria Vantoch, 2013-03-05 In the years after World War II the airline stewardess became one of the most celebrated symbols of American womanhood Stewardesses appeared on magazine covers on lecture circuits and in ad campaigns for everything from milk to cigarettes Airlines enlisted them to pose for publicity shots mingle with international dignitaries and even serve in sequined minidresses as the official hostesses at Richard Nixon's inaugural ball Embodying mainstream America's perfect woman the stewardess was an ambassador of femininity and the American way both at home and abroad Young beautiful unmarried intelligent charming and nurturing she inspired young girls everywhere to set their sights on the sky In *The Jet Sex* Victoria Vantoch explores in rich detail how multiple forces business strategy advertising race sexuality and Cold War politics cultivated an image of the stewardess that reflected America's vision of itself from the wholesome girl next door of the 1940s to the cosmopolitan glamour girl of the Jet Age to the sexy playmate of the 1960s Though airlines marketed her as the consummate hostess an expert at pampering her mostly male passengers while mixing martinis and allaying their fears of flying she bridged the gap between the idealized 1950s housewife and the emerging working woman On the international stage this select cadre of women served as ambassadors of their nation in the propaganda clashes of the Cold War The stylish Pucci clad American stewardess represented the United States as middle class and consumer oriented hallmarks of capitalism's success and a stark contrast to her counterpart at Aeroflot the Soviet national airline As the apotheosis of feminine charm and American careerism the stewardess subtly bucked traditional gender roles and paved the way for the women's movement Drawing on industry archives and hundreds of interviews this vibrant cultural history offers a fresh perspective on the sweeping changes in twentieth century American life
