Female Victims of Stalking Modena Group on Stalking,2005 **Violence in American Society** Chris Richardson,2020-08-11 While many books explore such specific issues as gun violence arson murder and crime prevention this encyclopedia serves as a one stop resource for exploring the history societal factors and current dimensions of violence in America in all its forms This encyclopedia explores violence in the United States from the nation s founding to modern day trends laws viewpoints and media depictions Providing a nuanced lens through which to think about violence in America including its underlying causes its iterations and possible solutions this work offers broad and authoritative coverage that will be immensely helpful to users ranging from high school and undergraduate students to professionals in law enforcement and school administration In addition to detailed and evenhanded summaries of the key events and issues relating to violence in America contributors highlight important events political debates legal perspectives modern dimensions and critical approaches This encyclopedia also features excerpts from such important primary source documents as legal rulings presidential speeches and congressional testimony from scholars and activists on aspects of violence in America Together these documents provide important insights into past and present patterns of violent crime in the United States as well as proposed solutions to those problems

Stalkers Jean Ritchie,2016-12-29 SOMEWHERE SOMEONE IS WATCHING WAITING What is it like to suffer the attentions of an obsessive fan to be haunted by the menace of a stalker What changes devotion into something far more sinister and how do the stars cope with the pressure

Law Enforcement, Communication, and Community Howard Giles,2002 Given widespread media attention to issues of crime and its prevention police heroism and new modes of police community involvements this international collection is timely It is unique in examining ways in which police and citizens communicate across a range of contexts and problem areas While much attention is afforded the critical roles of communication by police agencies there has been little recourse to communication science and its theories Likewise the latter has not until recently concerned itself with analyzing police citizen interactions This volume examines the character of such encounters forging new theoretical frameworks having implications for practice in many instances Topics include media portrayals of law enforcement communication and new technologies within police culture domestic violence hate crimes stalking sexual abuse and hostage negotiations This book should be relevant not only to a range of social sciences besides Communication scholars and students but also to practitioners working in the field
