HAYAT TAHRIR AL SHAM'S TERROR NETWORK IN SYRIA

The Biden administration is reportedly debating removing Hayat Tahrir al Sham (HTS) from the list of designated Foreign Terrorist Organizations. However, while the group's leader, Abu Muhammad al Jolani, a Specially Designated Global Terrorist, attempts to portray HTS as moderate, a host of jihadist groups—many of whom are designated as Foreign Terror Organizations—fight under the banner of or are allied with HTS.

Terror Network:

Friedlander,Howard Sidney Levie,Donald J. Musch,Yonah Alexander,Douglas C. Lovelace (Jr.),1979 An extensive collection of significant documents covering all major and minor issues and events regarding terrorism Government reports executive orders speeches court proceedings and position papers are presented in full text reprint Oceana Website   Understanding Terror Networks Marc Sageman,2011-09-21 For decades a new type of terrorism has been quietly gathering ranks in the world America s ability to remain oblivious to these new movements ended on September 11 2001 The Islamist fanatics in the global Salafi jihad the violent revivalist social movement of which al Qaeda is a part target the West but their operations mercilessly slaughter thousands of people of all races and religions throughout the world Marc Sageman challenges conventional wisdom about terrorism observing that the key to mounting an effective defense against future attacks is a thorough understanding of the networks that allow these new terrorists to proliferate Based on intensive study of biographical data on 172 participants in the jihad Understanding Terror Networks gives us the first social explanation of the global wave of activity Sageman traces its roots in Egypt gestation in Afghanistan during the Soviet Afghan war exile in the Sudan and growth of branches worldwide including detailed accounts of life within the Hamburg and Montreal cells that planned attacks on the United States U S government strategies to combat the jihad are based on the traditional reasons an individual was thought to turn to terrorism poverty trauma madness and ignorance Sageman refutes all these notions showing that for the vast majority of the mujahedin social bonds predated ideological commitment and it was these social

networks that inspired alienated young Muslims to join the jihad These men isolated from the rest of society were transformed into fanatics yearning for martyrdom and eager to kill The tight bonds of family and friendship paradoxically enhanced by the tenuous links between the cell groups making it difficult for authorities to trace connections contributed to the jihad movement s flexibility and longevity And although Sageman s systematic analysis highlights the crucial role the networks played in the terrorists success he states unequivocally that the level of commitment and choice to embrace violence were entirely their own Understanding Terror Networks combines Sageman s scrutiny of sources personal acquaintance with Islamic fundamentalists deep appreciation of history and effective application of network theory modeling and forensic psychology Sageman s unique research allows him to go beyond available academic studies which are light on facts and journalistic narratives which are devoid of theory The result is a profound contribution to our understanding of the perpetrators of 9 11 that has practical implications for the war on terror   *The Terror Network* Claire Sterling,1984-07-15

The Enemy of My Enemy George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

Globalisation and the New Terror David Martin Jones,2004 Examines trends in new terror understood here to be the capacity of sub state actors to secure religious or politically motivated objectives by violent means Argues that while the use of violence to achieve political ends is scarcely original what distinguishes new terror is its potential for lethality Australian author   **The Intellectual Activist** ,2003   **Televising "terrorism"** Philip Schlesinger,Graham Murdock,Philip Ross Courtney Elliott,1983 Looks at how terrorism is portrayed in the British media both news and fictional television programs and discusses whether this coverage supports the government or gives undue influence to terrorist organizations

Terrorism Bonnie Szumski,1986 Presents opposing viewpoints debating the causes and consequences of and solutions to terrorism includes views by terrorists as well as by political and social experts   Italy Mark Donovan,1998   **Asian Bulletin** ,1981   The Theory and Practice of Islamic Terrorism Marvin Perry,Howard E. Negrin,2008-10-15 Drawing from a variety of sources this anthology encourages readers to explore the multiple dimensions of Islamic terrorism and seeks to promote a better understanding of one of the most complicated and urgent problems facing the world today Divided into six parts the book deals with the theological and ideological background of the concept of jihad the policies and organization of Al Qaeda various policy recommendations for combating terrorism the motivations of suicide bombers the dilemma jihadists pose in Western countries and the adoption of classical European and anti Semitic myths for political and religious gain in segments of the Muslim world With excerpts ranging from works by Sayyid Qutb to Osama bin Laden to Nonie Darwish this book is a must have for anyone interested in or studying Islamic terrorism
