**Hyper-Calvinist Universal Salvation** Jeff Grupp, 2024-05-30

There are still big theological discoveries to be found when digging into Scripture Hyper Calvinist Universal Salvation unearths a few of them most notably a previously undiscovered theology in Scripture where the mysterious entity referred to in the book of Revelation as the Lake of Fire is found to be another name for GOD who according to Scripture will save all condemned and unchosen human souls that were ever created at the Eschaton end of the world when he will immolate them in the core of his Consuming Fire Lake of Fire to save them by Fire 1 Cor 3 15 This theology and this understanding of the Eschaton free from any of the so called Bible contradictions such as a GOD of infinite love torturing people in hell in infinite cruelty forever to name one unveils an elegant Hyper Calvinistic systematic theology lurking throughout Scripture especially in the copious and often passed over prophecy passages that glut the Bible where the unchosen condemned have their condemnation reversed by the GOD of infinite love at the Eschaton

*Hell's Destruction* Catherine Ella Laufer, 2016-04-22 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ s descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ s descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human condition from which God is absent either in this life or in eternity Christ s descent means that he is truly hell s destruction Drawing on a treasure trove of writings from the western theological tradition including Luther Calvin Maurice Balthasar Moltmann and others and attending to historical theological exegetical philosophical and pastoral issues this book explores an often ignored doctrine which lies at the core of Christian life death and faith
