War Without End Anton La Guardia, 2003-05-23 With an experienced journalist's eye La Guardia offers a close look at the Israelis as they come to terms with the post-Zionist demolition of national myths and the Palestinians as they try to build their own state 16 illustrations *War Without End*, 2016-07 [War Without End](#) H. Narrating War and Peace in Africa Solimar Otero, 2010. Narrating War and Peace in Africa interrogates conventional representations of Africa and African culture mainly in the twentieth and early twenty-first centuries with an emphasis on portrayals of conflict and peace. While Africa has experienced political and social turbulence throughout its history, more recent conflicts seem to reinforce the myth of barbarism across the continent in Nigeria, Rwanda, Somalia, Sierra Leone, Uganda, Kenya, Mozambique, Chad, South Africa, Zimbabwe, and Sudan. The essays in this volume address reductive and stereotypical assumptions of postcolonial violence as tribal in nature and offer instead various perspectives across disciplinary boundaries that foster a less fetishized, more contextualized understanding of African war, peace, and memory. Through their geographical, historical, and cultural scope and diversity, the chapters in *Narrating War and Peace in Africa* aim to challenge negative stereotypes that abound in relation to Africa in general and to its wars and conflicts in particular, encouraging a shift to more balanced and nuanced representations of the continent and its political and social climates.

The Essence of Islamist Extremism Irm Haleem, 2011-11-23. This book provides a conceptual analysis of Islamist extremism and examines radical Islamist rhetoric and various extremist groups. Engaging in a conceptual analysis of Islamist extremism that focuses on the what is and not the why of Islamist extremism, the book extends the traditional parameters of analysis from context-specific and temporally confined causal analyses to a broader conceptual analysis relevant to the many different temporal and geopolitical contexts of Islamist extremist groups.

America and the Third World John Girling, 2010-11-26. John Girling's book, first published in 1980, investigates the relationship between America and the Third World, centring on three main themes: the nature of American involvement in the Third World, the challenge posed by the rival Super Power, and the changes both in US-Soviet relations from containment to détente and in the Third World. Three propositions are put forward that the overriding interest

of American foreign policy maker is in the stability of the global system of relationships that this interest coincides with most Third World lites and that the global system normally operates peacefully although continually subject to internal and external challenges *Harper's New Monthly Magazine* ,1893 *The Ecclesiastical Review* ,1912 **Chapters from Imperial Washington** Richard Franklin Pettigrew,1922 **The Complete Works of W.E.
