

Weimar Republic

Ruth Henig

Weimar Republic:

The Weimar Republic Stephen J. Lee, 1998-04-30 Integrating historical narrative questions analysis and evaluation of primary sources this book provides students with a clear background to Germany in the aftermath of the First World War and also includes a guide to exam success

[A Short History of the Weimar Republic](#) Colin Storer, 2013-04-10 It is impossible to understand the history of modern Europe without some knowledge of the Weimar Republic The brief fourteen year period of democracy between the Treaty of Versailles and the advent of the Third Reich was marked by unstable government economic crisis and hyperinflation and the rise of extremist political movements At the same time however a vibrant cultural scene flourished which continues to influence the international art world through the aesthetics of Expressionism and the Bauhaus movement In the fields of art literature theatre cinema music and architecture not to mention science Germany became a world leader during the 1920s while her perilous political and economic position ensured that no US or European statesman could afford to ignore her Incorporating original research and a synthesis of the existing historiography this book will provide students and a general readership with a clear and concise introduction to the history of the first German Republic

The Weimar Republic Eberhard Kolb, 2005 The Weimar Republic provides both a clear historical narrative of this critical period in German history and a detailed analysis of the scholarly research in the field

War and Genocide Doris L. Bergen, 2003 Places the Holocaust in its historical political social cultural and military contexts focusing on the two goals that drove the Nazis in their persecution of Jews gypsies homosexuals Poles Soviet prisoners of war and other groups they deemed as undesirables

Cultural Chronicle of the Weimar Republic William Grange, 2008 The Weimar Republic began at 2 00 PM on November 9 1918 when Philip Scheidemann declared from a second story window in the Reich Chancellery to his hearers below that the German Reich was now a republic It ended at 11 00 AM on January 30 1933 when President Paul von Hindenburg named Adolf Hitler Chancellor The Cultural Chronicle of the Weimar Republic is an account of significant cultural events in Germany during the time of the Weimar Republic Weimar already a German cultural mecca because Goethe and Schiller had lived and worked there 120 years earlier emerged as a unique and experimental culture Weimar culture was responsible for producing such icons as actress Marlene Dietrich novels like *All Quiet on the Western Front* musicals like *The Threepenny Opera* the political cabaret the Bauhaus School and films like *The Cabinet of Dr Caligari* and *Metropolis* There were hundreds of premieres performance debuts exhibitions works of fiction and other cultural events that marked the Republic as Western Civilization's first modernist society Modernism took many forms the Einstein Tower in Berlin the symphonies of Paul Hindemith the paintings of Max Beckmann the drawings of K the Kollwitz the novels of Alfred D blin the industrial designs of Ferdinand Porsche the choreography of Mary Wigman the acting of Ernst Deutsch the plays of Expressionism The Cultural Chronicle of the Weimar Republic presents these and scores of other modernist inscriptions worthy of note while providing notations that inform readers of connections among individuals art works related cultural

activities and significant political and economic developments *Political Violence in the Weimar Republic, 1918-1933* Dirk Schumann, 2012-04 In noting that political violence was the product of choices made by political actors rather than the result of irresistible forces Schumann issues a pertinent warning while making a first rate contribution to the scholarly literature on the Weimar Republic Central European History A well documented and skillfully argued book German Studies Review In his exceptional regional study of the Prussian province of Saxony Schumann offers a richly detailed analysis of political violence in the Weimar Republic This is a wordy but methodical and ultimately convincing work of scholarship Choice Schumann calls into question some assumptions provides interesting nuances and helps to refine our understanding of the nature of political violence in Weimar Germany Journal of Modern History provides a well documented solid narrative and challenging analysis of Weimar s political violence American Historical Review This definitive work rich in source material and analysis dispels stereotypes of political violence in the Weimar Republic Historische Zeitschrift The Prussian province of Saxony where the Communist uprising of March 1921 took place and two Combat Leagues Wehrverb nde were founded the right wing Stahlhelm and the Social Democratic Reichsbanner is widely recognized as a politically important region in this period of German history Using a case study of this socially diverse province this book provides a comprehensive analysis of political violence in Weimar Germany with particular emphasis on the political culture from which it emerged It refutes both the claim that the Bolshevik revolution was the prime cause of violence and the argument that the First World War s all encompassing brutalization doomed post 1918 German political life from the very beginning The study thus contributes to a view of the Weimar Republic as a state in severe crisis but with alternatives to the Nazi takeover Dirk Schumann is Professor of History at Georg August University G ttingen He is the co editor of Life After Death 2003 Violence and Society after the First World War first issue of Journal of Modern European History 2003 Between Mass Death and Individual Loss 2007 Most recently he has edited Raising Citizens in the Century of the Child The United States and German Central Europe in Comparative Perspective 2010 **A Brief History of the Weimar Republic and Nazi Germany Before World War II** Percy Bennington, 2018-01-18 The Weimar Republic has become a byword for a failed tragic political experiment The official period of its existence 1919 1933 marked the inter war years in Germany and their related uncertainty chaos and the state s ultimate collapse Historians have found the roots of Nazism embedded in the Weimar years and that in the final analysis Weimar politicians voluntarily handed over power to the man who wrought destruction on an epic scale Adolf Hitler Yet the Weimar era encapsulated a number of trends and fissures within German society as well as the international community The Weimar Republic was a prisoner of events and in the long run had little power to shape them Historians are fond of interpreting the past as a tension between human agency that is to say decision making and structural developments that evade individual choices Both these interpretations are crucial when examining the tumultuous years of Germany s Weimar Republic German governments had teetered on the edge of collapse throughout the Weimar years as politicians of all stripes

had struggled to stabilise the economy and the wider societal problems In the 14 years between 1919 and 1933 a total of 20 separate coalition governments had been formed The most stable period after the hyperinflation of 1923 and before the Wall Street Crash of 1929 was only calm in a relative sense It is therefore perhaps unsurprising that the Weimar state was so easily dismantled by Hitler's National Socialists What is more shocking however is the speed in which the Nazis turned a fragile democracy into one of history's most draconian dictatorships The Nazis demonstrated both brute force and political guile as well as highly effective propaganda in achieving their aims There are many contradictions surrounding the transition from Weimar to Nazi Germany The country had been home to some of the key figures of the Enlightenment Period in arts philosophy music and literature Yet this beacon of civilisation descended into an abyss of barbarism and intolerance A region that for so long resisted incorporation into one state became intensely nationalistic A country that provided refuge to Jewish people for hundreds of years turned on them to prosecute anti-Semitism's lowest point the Holocaust A state Weimar that had been designed with liberal and progressive ideals dissolved into illiberalism and reactionary authoritarianism The alignment of Nazism and Germany is obvious to the 21st century reader but as it unfolded the chain of events took the world by surprise This period of history fueled by Hitler and his fanatical politics led the world to the bloodiest moment of an ultra-violent century In January 1933 when Hitler became German Chancellor all this was in the albeit near future How the Nazis accumulated power is a true warning from history A Brief History of the Weimar Republic and Nazi Germany Before World War II provides a quick but comprehensive look at the Weimar Republic and Nazi Germany before the war [The Weimar Republic Sourcebook](#) Anton Kaes, Martin Jay, Edward Dimendberg, 2023-11-15 A laboratory for competing visions of modernity the Weimar Republic 1918-1933 continues to haunt the imagination of the twentieth century Its political and cultural lessons retain uncanny relevance for all who seek to understand the tensions and possibilities of our age The Weimar Republic Sourcebook represents the most comprehensive documentation of Weimar culture history and politics assembled in any language It invites a wide community of readers to discover the richness and complexity of the turbulent years in Germany before Hitler's rise to power Drawing from such primary sources as magazines newspapers manifestoes and official documents many unknown even to specialists and most never before available in English this book challenges the traditional boundaries between politics culture and social life Its thirty chapters explore Germany's complex relationship to democracy ideologies of reactionary modernism the rise of the New Woman Bauhaus architecture the impact of mass media the literary life the tradition of cabaret and urban entertainment and the situation of Jews intellectuals and workers before and during the emergence of fascism While devoting much attention to the Republic's varied artistic and intellectual achievements the Frankfurt School political theater twelve-tone music cultural criticism photomontage and urban planning the book is unique for its inclusion of many lesser-known materials on popular culture consumerism body culture drugs criminality and sexuality it also contains a timetable of major political events an extensive bibliography and capsule biographies This will be a major

resource and reference work for students and scholars in history art architecture literature social and political thought and cultural film German and women s studies A laboratory for competing visions of modernity the Weimar Republic 1918 1933 continues to haunt the imagination of the twentieth century Its political and cultural lessons retain uncanny relevance for all who seek to understand the tensions and possi

The Weimar Republic John Hiden,1974 [The Collapse of the Weimar Republic](#) David Abraham,2025-08-14 What enables a liberal democracy to survive in a capitalist society How did Weimar Germany one of the first modern welfare states balance the interests of working people and economic elites What leads elites to undermine democracy and what happens when they do Theoretically sophisticated within a Marxist tradition and deeply researched in both public and private archives The Collapse of the Weimar Republic analyzes the complex political economy of inter war Germany and examines why and how Germany s economic and political leaders turned away from social democracy and international integration instead turning to the Nazi party to preserve their dominance *Culture and Society in the Weimar Republic* Keith Bullivant,Richard Hinton Thomas,1977 [Weimar Republic and the Nazi State](#) Graham Warburton,1992 1918 revolution Weimar constitution Treaty of Versailles Violence in the republic Stresemann years Depression and the Nazi rise to power Weimar Republic Third Reich and its leaders Nazi ideology Propaganda German society Economy and the workers SS Genocide Germany during the war _____ **A Concise History of Nazi Germany** Joseph W. Bendersky,2007 This balanced history offers a concise readable introduction to Nazi Germany Combining compelling narrative storytelling with analysis Joseph Bendersky presents an authoritative survey of the major political economic and social factors that powered the rise and fall of the Third Reich His classic treatment provides an invaluable overview of a subject that retains its historical significance and contemporary importance *Heritage World Coin Auctions New York Auction Catalog #363* Ivy Press,2004-11 **The Weimar Republic 1919-1933** Ruth Henig,2002-01-22 This book represents a much needed reappraisal of Germany between the wars examining the political social and economic aims of the new republic their failure and how they led to Nazism and eventually the Second World War The author includes an examination of the legacy of the First World War and the Treaty of Versailles discussion of the early years of crisis culminating in the Ruhr Invasion and the Dawes Settlement assessment of the leadership of Stresemann and Bruning exploration of the circumstances leading to the rise of Hitler an outline of the historiography of the Weimar Republic

Stresemann and the Politics of the Weimar Republic Henry Ashby Turner,1963 **The Official Blackbook Price Guide to World Coins 2008** Marc Hudgeons,Thomas E. Hudgeons, Jr.,2007-06-12 Focusing on the world coins most prized by collectors a handy guide illustrated with black and white photographs lists more than four thousand prices of coins from more than fifty countries and offers tips on trading grading and collecting them Original **The Death of Democracy** Benjamin Carter Hett,2018-04-03 Why did democracy fall apart so quickly and completely in Germany in the 1930s Benjamin Carter Hett offers a riveting account of how the Nazi Party came to power and how the failures of the Weimmar Republic and

the short sightedness of German politicians allowed it to happen Adolf Hitler would never have taken power without the misguided actions of Germany's leading conservative politicians who believed that Hitler and his followers would willingly support them not recognizing that their efforts to use the Nazis actually played into Hitler's hands They had willingly given him the tools to turn Germany into a vicious dictatorship The Death of Democracy offers a powerful lesson for today when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder Cover *The Weimar Republic* Charles River Editors, 2018-01-10 Includes pictures Includes online resources and a bibliography for further reading The Weimar Republic has become a byword for a failed tragic political experiment The official period of its existence 1919-1933 marked the inter war years in Germany and their related uncertainty chaos and the state's ultimate collapse Historians have found the roots of Nazism embedded in the Weimar years and that in the final analysis Weimar politicians voluntarily handed over power to the man who wrought destruction on an epic scale Adolf Hitler Yet the Weimar era encapsulated a number of trends and fissures within German society as well as the international community The Weimar Republic was a prisoner of events and in the long run had little power to shape them Historians are fond of interpreting the past as a tension between human agency that is to say decision making and structural developments that evade individual choices Both these interpretations are crucial when examining the tumultuous years of Germany's Weimar Republic The early 1930s were a tumultuous period for German politics even in comparison to the ongoing transition to the modern era that caused various forms of chaos throughout the rest of the world In the United States reliance on the outdated gold standard and an absurdly parsimonious monetary policy helped bring about the Great Depression Meanwhile the Empire of Japan began its ultimately fatal adventurism with the invasion of Manchuria alienating the rest of the world with the atrocities it committed Around the same time Gandhi began his drive for the peaceful independence of India through nonviolent protests against the British It was in Germany however that the strongest seeds of future tragedy were sown The struggling Weimar Republic had become a breeding ground for extremist politics including two opposed and powerful authoritarian entities the right wing National Socialists and the left wing KPD Communist Party As the 1930s dawned these two totalitarian groups held one another in a temporary stalemate enabling the fragile ghost of democracy to continue a largely illusory survival for a few more years That stalemate was broken in dramatic fashion on a bitterly cold night in late February 1933 and it was the Nazis who emerged decisively as the victors A single act of arson against the famous Reichstag building proved to be the catalyst that propelled Adolf Hitler to victory in the elections of March 1933 which set the German nation irrevocably on the path towards World War II That war would plunge much of the planet into an existential battle that ultimately cost an estimated 60 million lives The Weimar Republic The History of Germany After World War I Before the Rise of the Nazi Party chronicles the pivotal events in the years between World War I and Hitler's ascension to power Along with pictures of important people places and events you will learn about the Weimar Republic like never before **Cambridge Game Changer : Guaranteed Pass for**

Cambridge "O" & "A" Level Exams.
