**Volcano Verses** Howard A. Fergus, 2003 Howard Fergus is amongst a very small minority of Montserratians He lives in Montserrat Emigration has taken generations away and the 1997 eruption of Soufriere destroyed two thirds of its habitable space its economy and drove the majority of its inhabitants into exile The poems in *Volcano Verses* express the confidence that island life and folk will outlast volcanic tantrums that though Tonight Chances pique still grows But cattle low and egrets ride In spite of fire from mountain tides But what Fergus seems to be doing in the book is writing against the absences writing into being again the people who have gone the landscape utterly transformed the society fragmented The eruption has instigated the sternest truth telling the sense of a world purified but it has also prompted a hugely heightened consciousness of the importance of the seemingly trivial the myriad social interactions the sounds the smells of a literally vanished world It is the very absences the restriction of current possibility that drives Fergus to greater abundance of creation in the conversational muscular rhythms the serious word play that characterise his most mature and distinctive collection yet Sir Howard Fergus was born in Montserrat He is the author of three previous collections of poetry *Cotton Rhymes* 1976 *Green Innocence* 1978 and *Stop the Carnival* 1980 *Islanded Identities* Maeve McCusker, Anthony Soares, 2011 *Preliminary Material Island Theory The Antipodes* Matthew Boyd Goldie *Writing Against the Tide* Patrick Chamoiseau *Island Imaginary* Maeve McCusker *A Distinctive Disaster Literature Montserrat Island Poetry under Pressure* Jonathan Skinner *Rethinking Identity and Belonging Mauritianness in the Work of Ananda Devi Ritu Tyagi From Slave to Tourist Entertainer Performative Negotiations of Identity and Difference in Mauritius* Burkhard Schnepel and Cornelia Schnepel *Amid the Alien Corn British India as Human Island* Ralph Crane *Journalism and Identity The Red Top Hangover and Erosions of Island Mentality in Postcolonial Ireland* Mark Wehrly *Western Blood in an Eastern Island Affective Identities in Timor Leste* Anthony Soares *No Man is an Island National Literary Canons Writers and Readers* Lyn Innes *Impure Islands Europe and a Post Imperial Polity* Paulo de Medeiros *Notes on Contributors Index* *Calmet's Great Dictionary of the Holy Bible: Scripture illustrated, by means of natural science* Augustin Calmet, 1814 **Volcanos** G. *Anglophone Verse Novels as Gutter Texts* Dirk Wiemann, 2023-06-15 *Anglophone Verse Novels as Gutter Texts* draws on the notion of the gutter in graphic narratives the gap between panels that a reader has to imaginatively fill to generate narrative sequence to analyse the largely overlooked literary form of the verse novel Marked at all levels by the tense constellation of segment and sequence and a conspicuously gappy texture verse novels offer productive alternatives to the dominant prose novel in contemporary fiction where a similar gappiness has become a hallmark as illustrated by the loosely interlaced multi strand plot structures of influential world novels Bola o Mitchell Powers The verse novel is a form particularly prolific in the postcolonial world and among diasporic or minoritarian writers in the Global North This study concentrates on two of the most prominent areas in which verse novels distinguish themselves from the prose novel to read

texts by Derek Walcott Anne Carson Bernardine Evaristo Patience Agbabi and others In planetary verse novels from the Caribbean Canada Samoa and Hawai i the central trope of the volcano evokes a world in constant un making while post national verse novels particularly in Britain modify the established paradigms of imagined communities Dirk Wiemann s study speculates whether the resurgence of verse novels correlates with the apprehension of inhabiting a world that has become unpredictable and dangerous but also promising a post prosaic world

**Behind Every Cloud** Gertrude R. Shotte,2012-10-02 Forced migration has always brought about untold psychological effects on its victims Interestingly trying to settle in the host country is not the beginning of the mental anguishnegative emotional effects begin in the very environment where the troubles that compelled out migration developed Beyond the Clouds reveals a similar pattern It utilizes various poems to chronicle the authors experiences from July 18 1995 when the Soufriere Hills Volcano Montserrat rumbled to life to present and to provide a framework for understanding the forced migrant experience Most relocated Montserratian migrants have found the transition rather difficult The book purposes to give encouragement and hope to all forced migrants especially relocated Montserratian students whose achievement motivation levels nose dived to distressing levels very soon after arriving in England It has significant educational value and can function as a supplementary text to enhance lessons across the curriculum at preprimary secondary and secondary levels
