S.A. Pictorial ,1926 **The Imperfect Individual** David Coffey,2022-09-20 Why is the West so confused and lacking in direction Why does society appear to value groupthink over personal insight And why has ideology won the battle against ideas We are living in a time of momentous change A political economic health social AI and media revolution has taken place whilst we have been distracted by ideologically driven narratives and the unhealthy and immoral products of multi billion pound corporations How and why has society become so enslaved to government media and pharmacological cartelism what dangers does this pose and what can we do about it Rather than theorise on who may be pulling the strings of society and orchestrating the current vast hysteria *The Imperfect Individual* focusses on individual and societal behaviour It explores why it has been so easy to manipulate people into a certain way of thinking and behaving and why Western populations are largely so thoughtlessly obedient and conformist The book clearly paints a picture of a Western world in disarray but also strikes an incredibly optimistic tone about the future if enough people understand the critical importance of reasserting themselves as true stakeholders in their own societies by pursuing values such as courage truth authenticity open mindedness and freedom **Standing Up, Speaking Out** Matthew R. Meier,Casey R. Schmitt,2016-10-14 In recent

decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy **The Stanford Chaparral** ,1923
