THE STORY  
OF THE  
BEVIN BOYS

# The Forgotten Conscript

**George Q. Flynn**

## **The Forgotten Conscript:**

**The Forgotten Conscript** Warwick Taylor,1995      **Conscription in Britain, 1939-1964** Roger Broad,2006

Compulsory military service in Britain can be traced back to Anglo Saxon times but it was only in the twentieth century that it became universal Conscription occurred during both world wars with a total of eight million men in total being conscripted into the army navy and air forces and after the end of the Second World War compulsory service continued for another eighteen years to meet overseas commitments and under the threat of the Cold War Conscription in Britain 1939 1963 outlines the historical record of conscription from the fyrd of the Dark Ages through to Nelson s day and up to and including the First World War The book goes on to concentrate on conscription during the Second World War and National Service which continued in the decades afterwards The strategic and political considerations that governed British military recruitment in the period 1939 1963 are described and analyzed Individual experiences in the services are examined putting human flesh on the strategic and political skeleton The book looks at aspects of conscription including the demands made on the services how officers and men were selected and trained and how discipline was imposed The years following the Second World War are also investigated considering the effect of twenty four years continuous conscription on the services themselves on women s rights on attitudes towards authority and patriotism on race issues and on the breakout of individualism in the 1960s      The Conscript Alexandre Dumas,1874      **Tracing Your Coalmining Ancestors** Brian Elliott,2014-02-11 A meticulous mixture of social and family history Whether or not you have mining connections this is an interesting socio economic read Your Family Tree In the 1920s there were over a million coalminers working in over 3000 collieries across Great Britain and the industry was one of the most important and powerful in British history It dominated the lives of generations of individuals their families and communities and its legacy is still with us today many of us have a coalmining ancestor Yet family historians often have problems in researching their mining forebears Locating the relevant records finding the sites of the pits and understanding the work involved and its historical background can be perplexing That is why Brian Elliott s concise authoritative and practical handbook will be so useful for it guides researchers through these obstacles and opens up the broad range of sources they can go to in order to get a vivid insight into the lives and experiences of coalminers in the past His overview of the coalmining history and the case studies and research tips he provides will make his book rewarding reading for anyone looking for a general introduction to this major aspect of Britain s industrial heritage His directory of regional and national sources and his commentary on them will make this guide an essential tool for family historians searching for an ancestor who worked in coalmining underground on the pit top or just lived in a mining community As featured in Who Do You Think You Are Magazine and the Barnsley Chronicle      *Waterloo; a sequel to The conscript of 1813* ,1898      The Toughest Half Elizabeth Stewart,2021-07-01 Lasting barely two centuries throughout the 1700s and 1800s the Industrial Revolution in Britain propelled the country into the role of the world s

premier industrial nation Known as the midwife of the Industrial Revolution coal was literally the driving force behind this power Although referred to as the black diamond coal is not a thing of beauty yet like the true diamond it is representative of power and wealth Coal mining usually evokes images of tough men glistening with the sweat of underground toil We talk about man power and manual labour the industry has become synonymous with men Rarely if ever do women come to mind yet until an Act of 1942 banned them from working down the mines women worked alongside men their toil equally as gruelling in conditions just as appalling Forbidden by Victorian prudery from working underground they were replaced at much greater expense to the mine owners by ponies The efforts of these women every bit as responsible as men for creating Britain's once greatest industry have rarely been acknowledged During the 1926 general strike and lockout Herbert Smith President of the Miners Federation of Great Britain reported that half the attendees at union meetings were women And these he insisted are always the toughest half This book tells of the history of coal and coal mining from mediaeval times to the demise of the industry in Britain in the 1990s and describes women's role in this history and how it affected their lives Through a combination of historical narrative fiction and biography the book gives a voice to these diminished others wives mothers and daughters whose persistence courage pride and sacrifice also contributed to the profits of wealthy mine owners Their stories are told through the prism of historical events the frightened little girl forced to work alone in subterranean darkness the poverty stricken young woman confronting an unwanted pregnancy those enduring the loss of sons and partners to a deadly occupation and women who through adversity took the opportunity to publicly reveal their collective strength Gentle and gruff warm hearted and implacable these battlers against grime beaters of carpets painters decorators and cooks activists and staunch supporters of strikes and lockouts underpinned the foundations of Britain's coal industry Woven through this book is the true story of the author's mother a miner's daughter Her life too was hard and closely entwined with coal mining to which she made over many years a considerable contribution not only to the industry but to the mining communities in which she worked

*Conscription and Democracy* George Q. Flynn, 2001-12-30 Finding the manpower to defend democracy has been a recurring problem Russell Weigley writes The historic preoccupation of the Army's thought in peacetime has been the manpower question how in an unmilitary nation to muster adequate numbers of capable soldiers quickly should war occur When the nature of modern warfare made an all volunteer army inadequate the major Western democracies confronted the dilemma of involuntary military service in a free society The core of this manuscript concerns methods by which France Great Britain and the United States solved the problem and why some solutions were more lasting and effective than others Flynn challenges conventional wisdom that suggests that conscription was inefficient and that it promoted inequality of sacrifice Sharing similar but not identical diplomatic outlooks the three countries discussed here were allies in world wars and in the Cold War and they also confronted the problem of using conscripts to defend colonial interests in an age of decolonization These societies rest upon democratic principles and operating a draft in

a democracy raises several unique problems A particular tension develops as a result of adopting forced military service in a polity based on concepts of individual rights and freedoms Despite the protest and inconsistencies the criticism and waste Flynn reveals that conscription served the three Western democracies well in an historical context proving effective in gathering fighting men and allowing a flexibility to cope and change as problems arose

**Men in reserve** Juliette Pattinson, Arthur McIvor, Linsey Robb, 2017-02-01 Men in reserve focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity

Waterloo; a Sequel to The Conscript of 1813 Erckmann-Chatrion, 1898

*Re-living Britain in the 1940s* Robin Wichard, 2023-01-24 The 1940s remains an iconic period in world history and retains a fascination for so many Re enacting the 40s is becoming increasingly popular but there is little available information explaining how to start in the hobby This book is the first to offer enthusiasts of the 40s a way to advance their interest whether it be military or civilian Each chapter deals with a different aspect of re enacting from civilian roles including children to military roles with many different potential impressions explored for each area Each chapter is lavishly illustrated with many previously unseen color photographs of contemporary re enactors and events There are further chapters introducing those people who portray wartime political and military leaders as well as those who bring back to life some of the most iconic musicians and performers of the period For those choosing to enter the hobby through ownership of a civilian or military vehicle that is also covered with many examples of some of the most well known vehicles Each chapter offers a brief contextual history with detailed notes on where to obtain uniform and equipment some of the best groups to join as well as links to related sites and recommendations for wider reading No book can cover every single possible role but this offers an excellent starting point for further research and involvement while stressing the need to always remain respectful of those we seek to commemorate

**Conscription and Conflict in the Confederacy** Albert Burton Moore, 1924

*The History of a Conscript of 1813 and Waterloo* Emile Erckmann, 1916

The Mine Management Professions in the Twentieth-century Scottish Coal Mining Industry Andrew Perchard, 2007 In this book Dr Perchard attempts to redress the exclusion of colliery managers and other mining professionals from the history of British and particularly Scottish coal industries by examining these groups within the most crucial period of their ascendancy 1930 1966 in the

Scottish coal mining industry This work seeks to place such persons within their context and to examine their roles statuses and behaviours through their relationships with employees and the execution of their functions also examining their terms and conditions of employment the outlook of their professional associations and that of their union Through all this Dr Perchard illustrates how this growing consciousness amongst managerial employees in the industry was accompanied by an intense public discussion within the mining professions over their future shape principles and occupational standards

**The Round Table** ,1915      **Bruno the Conscript** Marie Hutcheson,1894      *Linguistic and Oriental Essays: 1847 to 1887* Robert Needham Cust,1887      **Parliamentary Debates** New Zealand. Parliament,New Zealand. Parliament. House of Representatives,1928      **Linguistic and Oriental Essays** Robert Needham Cust,1887      *Parliamentary Debates (Hansard)*. Great Britain. Parliament. House of Commons,1918 Contains the 4th session of the 28th Parliament through the session of the Parliament      The Bulletin ,1957

### **The Forgotten Conscript Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Forgotten Conscript has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Forgotten Conscript has opened up a world of possibilities. Downloading The Forgotten Conscript provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Forgotten Conscript has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Forgotten Conscript. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Forgotten Conscript. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Forgotten Conscript, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Forgotten Conscript has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About The Forgotten Conscript Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Forgotten Conscript is one of the best book in our library for free trial. We provide copy of The Forgotten Conscript in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Forgotten Conscript. Where to download The Forgotten Conscript online for free? Are you looking for The Forgotten Conscript PDF? This is definitely going to save you time and cash in something you should think about.
