Saint John of Ruysbroeck

With Secret Friends:

Secret Friends Elizabeth Laird, 2019-08-22 What is the good in keeping secrets *Secret Friends* is a heartbreaking story about friendship and bullying from the multi award winning Elizabeth Laird. Rafaella doesn't find it easy to make friends. She looks and feels different from the others at school. And Lucy is the first to tease the first to call her Earwig until they get to know one another and Lucy sees that Rafaella is full of hopes and ideas just like she is. Lucy loves keeping her own secret friend until tragedy strikes and secrets can't be kept any longer. Shortlisted for the Carnegie Medal and the Children's Book Award and reissued with gorgeous illustrations more than twenty years after first publication Elizabeth Laird's moving and unflinching novella brings home the crucial importance of cultivating empathy in young people. A humane and honest story. It conveys so much so simply and so well. Scotsman. A fine weepy with a moral about the dangers of playground cliquishness and cruelty. *The Sunday Times*

The Adornment of the Spiritual Marriage Saint John of Ruysbroeck, 2018-02-15 A book based on the practice of Christian Existentialism. Saint John attempts to show how a believer is to experience God to the fullest until the second advent when He returns. Although the practice of Christian mysticism has taken on a different public figure in the 20th and 21st century the way it began is important to consider when looking into the history of this movement. This volume will help anyone seeking the truth about what Christian mystics believed as well as fine tuning your own walk with the Lord Jesus and gaining a more personal relationship with Him.

Motivating Learning Jill Hadfield, Zoltán Dörnyei, 2014-06-03 Motivation is a vital element in learning and the most commonly cited explanation for success or failure in language learning. Jill Hadfield and Zoltán Dörnyei present a new theory of motivation centred around the notion of the Ideal Future Language Self, arguing that if students have a rich and inspiring vision of themselves as successful future language learners and users they will be motivated to work hard to actualise the vision and become that learner. This book integrates the latest research in language teaching with innovative classroom practice, offers suggestions on how the various components of the theory could be structured into a teaching sequence, includes a variety of imaginative classroom activities designed to aid both student and teacher in creating and actualising the Ideal Self through visualisation, goal setting, task identification and planning, and a selection of appropriate learning strategies. Shows how teachers can undertake motivation related research in their own classrooms. This is an ideal guide to and activity book for the theory and practice of motivation in language learning for students and teachers alike.
