

SECOND WAVE

The Second Wave

Mary Texanna Loomis

The Second Wave:

The Second Wave, 1977 The Second Wave Linda J. Nicholson, 1997 This volume collects many of the major essays of feminist theory of the past 40 years works which have made key contributors to feminist thought **The Legacy of Second-Wave Feminism in American Politics** Angie Maxwell, Todd Shields, 2018-12-15 This book chronicles the influence of second wave feminism on everything from electoral politics to LGBTQ rights The original descriptions of second wave feminism focused on elite white voices obscuring the accomplishments of many activists as third wave feminists rightly criticized Those limited narratives also prematurely marked the end of the movement imposing an imaginary timeline on what is a continuous struggle for women's rights Within the chapters of this volume scholars provide a more complex description of second wave feminism in which the sustained efforts of women from many races classes sexual orientations and religious traditions in the fight for equality have had a long term impact on American politics These authors argue that even the Second Wave metaphor is incomplete and should be replaced by a broader more inclusive metaphor that accurately depicts the overlapping and extended battle waged by women activists With the gift of hindsight and the awareness of the limitations of and backlash to this Second Wave the time is right to reflect on the feminist cause in America and to chart its path forward *The Second Wave* John Russell Taylor, 1968 **Women's Activism and "Second Wave" Feminism** Barbara Molony, Jennifer Nelson, 2017-02-09 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Women's Activism and Second Wave Feminism situates late 20th century feminisms within a global framework of women's activism Its chapters written by leading international scholars demonstrate how issues of heterogeneity transnationalism and intersectionality have transformed understandings of historical feminism It is no longer possible to imagine that feminism has ever fostered an unproblematic sisterhood among women blind to race ethnicity class sexuality nationality and citizenship status The chapters in this collection modify the wave metaphor in some cases and in others re-periodize it By studying individual movements they collectively address several themes that advance our understandings of the history of feminism such as the rejection of hegemonic feminism by marginalized feminist groups transnational linkages among women's organizations transnational flows of ideas and transnational migration By analyzing practical activism the chapters in this volume produce new ways of theorizing feminism and new historical perspectives about the activist locations from which feminist politics emerged Including histories of feminisms in the United States Canada South Africa India France Russia Japan Korea Poland and Chile *Women's Activism and Second Wave Feminism* provides a truly global re-appraisal of women's movements in the late 20th century **Feminist Media** Claire Sedgwick, 2020-08-07 *Feminist Media From the Second Wave to the Digital Age* analyses the relationship between second wave feminist media production and capitalism as well as identifying the tradition that can be drawn between second wave feminism Riot Grrrl and feminist blogging today There has been a recent re-evaluation of the importance of second wave

feminist media demonstrated by the digitization of Spare Rib by the British Library in 2015 However up until now research on the magazine has been limited This book analyses the relationship between Spare Rib and the capitalist publishing industry comparing it to American feminist magazine Ms The book argues that it is important to understand the cultural economies of the magazines as this had an impact on the assumed readership of the magazines therefore having an impact on the issues that were privileged The second half of the book charts a crucial and often overlooked link between feminist media production in the second wave and more contemporary forms of feminist media activism

The Second Wave Rustom Bharucha, 2022-09-05 Lessons in resilience in the second wave of the Covid 19 pandemic in India Focusing on the second wave of the Covid 19 pandemic in India between April and December 2021 Rustom Bharucha s timely essay reflects on four interconnected realities that haunted this ongoing crisis death grief mourning and extinction How do we cope with multiple deaths and the dislocation of rituals when the act of mourning is either postponed or denied What roles do political surveillance censorship the regulation of lockdowns and the sheer indifference to the lives of people play in the containment of civil liberties Through vivid examples of photography theater dance visual arts and the cultures of everyday life this meditative essay illuminates both the horror of the pandemic as well as its unexpected intimacies and revelations of shared suffering Against the destruction of nature and the disrespect for the nonhuman The Second Wave offers lessons in resilience through its reflections on the ethos of waiting and the need to re envision breath as a vital resource of self renewal and resistance

The Second Wave Michael Tod, 1995

Handbook of Research on Transmedia Storytelling and Narrative Strategies Yilmaz, Recep, Erdem, M. Nur, Resuloğlu, Filiz, 2018-07-06 Transmedia storytelling is defined as a process where integral elements of fiction get dispersed systematically across multiple delivery channels to create a unified and coordinated entertainment experience This process and its narrative models have had an increasing influence on the academic world in addressing both theoretical and practical dimensions of transmedia storytelling The Handbook of Research on Transmedia Storytelling and Narrative Strategies is a critical scholarly resource that explores the connections between consumers of media content and information parts that come from multimedia platforms as well as the concepts of narration and narrative styles Featuring coverage on a wide range of topics such as augmented reality digital society and marketing strategies this book explores narration as a method of relating to consumers This book is ideal for advertising professionals creative directors academicians scriptwriters researchers and upper level graduate students seeking current research on narrative marketing strategies

[Socializing Children through Language](#) Pamela Davis-Kean, Sandra Tang, 2016-06-11 Using psychological theory as a basis Socializing Children through Language examines naturally occurring conversations between mothers and children in the context of achievement self regulation food consumption and television watching to illustrate how families of different socioeconomic means interact and discuss a variety of topics in the home Specifically the chapters in this book draw on enhanced audio recordings of over 40 families across a range of education and

income levels to investigate how mothers language relates to child behaviors over time The unique pairing of this digital observer data with empirical data on achievement tests regulation tasks and parenting information on the home environment collected one year later presents an altogether revolutionary way to understand and think about how family socialization works across socioeconomic levels Focuses on mother child talk about desires thoughts and emotions Studies the relationship between math talk and children s math knowledge and achievement Emphasizes the management language used by mothers to guide the behavior of their children Explores children s media environment in the home the conversations that occur during digital technology use and whether it relates to children s outcomes Considers food related discussions in families prior to and during mealtimes including how parents and children express food likes and dislikes hunger mealtime routines and expectations and explanations about nutritional values
