When Science Fails:

When Science Fails John Hudson Tiner, 1996* **Real and Present Danger** Dr. Vijay Pabbathi, 2011-10-10 1 How to save our lives from the medical disasters 2 How science is failing us and what to do about it 3 What do doctors not want to hear 4 What will happen in the UK and the USA during the next 10 years This book reveals an astonishing truth about conventional medical science and it is packed with a unique angle of thinking about government approved medicines that are protected by pharmaceutical companies which could shake the philosophical foundation of medical science This book reveals that authorised medicines are causing more damage than the destruction caused by the Indian Ocean Tsunami or recent Haiti earthquake Discover the scientific basis of estimated future deaths break the code of death due to drug reactions and uncover the secrets to resolve these future dangers When science fails us the pharmaceutical companies make profit From this book The total death toll of medical science errors will exceed the total death toll of the World War II if we do not address this problem immediately From this book *Great Science Fails* Barbara Krasner, 2020 Scientists know everything right Wrong This title delves into some of the all time biggest failures in science and how some of those flops actually led to great discoveries *How to Swindle by Faking Science* P. S. J. (Peet) Schutte, 2012 How To Swindle by Faking Science then you are going read what is the mother of all the conspiracies in science which is about how science applies mind control by processing thought control This is the truth Science practicing physics about Astronomy Cosmology and everything to do with Stars the Cosmos or Universe Galactica is under a Conspiracy to hide and conceal the truth Does this sound far fetched I challenge you to read this book and then still think it is far fetched Read what science hides and I prove every word This book reveals what Science in Physics concerning Astronomy Cosmology hides for hundreds of years You read how science swindles to make Newton seem truthful and every time they find out how nature works nature destroys Newtonian concepts completely This is the a conspiracy For the first time in history I prove gravity is P But if science was as unblemished and perfect as physicists say it is then my work has no place to be This then is the attitude in science about my work To counter that claim I prove that there is a mother conspiracy in place about covering the misconceptions hidden under a cloak of false lily white purity and truthfulness To hide Newton s in defensible incorrectness science created a mother conspiracy which I reveal There is a mother conspiracy hiding mistakes in place Science benefits from and build upon this mother conspiracy being in place while I can t get further with my work while it is in place It s imbedded in the teaching and learning process students undergo in learning Newtonian dogma Students are brainwashed by the instigation of mind control that forces students to accept the dogma I prove gravity has value of P still by keeping me quiet I am perverted to introduce a new cosmic vision showing how the Universe forms when enlisting the four phenomena How it works in science is Newton gets undeserved unduly credit in discrediting nature I show how singularity takes on every shape and space we know Are you up to facing the truth about what you thought is more righteous than God Read this and see what those in science hide to make

them seem so surreal **Revealing Corrupt Science** Peet Schutte,2012-09-25 Revealing Corrupt Science I spent a lifetime uncovering information science hides for centuries My approach to science is revealing to the point and new It is your choice which you wish to read to get the same ideas about a new approach to stars galaxies and the Universe Read how the cosmos works when using the formula Kepler gave us In these books I make a financially rewarding offer of investment to prospective investors From where I stand my work is too big or I am too small to bring about the awareness I have to provoke to allow change in science to come about I need your help to get my work advertised so that people can see what my work entails In this there are 4 identical books namely To Inform To Reveal and To Expose and Uncovering The 1 is better developed than the other or the 1 is less informing than the other The page numbers will tell which is which Reading which one is your choice because we all can cope with different volumes of information and divulge more or less facts given as new information *The Journal of Mental Science* ,1885 **When IVF Fails** K. Throsby,2004-08-19 In spite of the fact that almost eighty percent of all IVF cycles are unsuccessful the dominant representations of the technology are of its success Based on extensive interviews with women and couples who have undergone IVF unsuccessfully and who have since stopped treatment and taking an overtly feminist approach the book explores the ways in which IVF failure is experienced and accounted for The book argues that IVF failure and the end of treatment have to be carefully managed over time in order to construct the self as normal in the profoundly gendered context of reproductive normativity Treatment failure is identified in the book not only as a central but largely excluded aspect of the experience of IVF but also of a proliferating range of new more controversial reproductive and genetic technologies *When Arguments Against the Christian God Fail* Marius Lotz,2014-03-26 This book is written for ordinary people with enquiring and skeptical minds about the Christian God The author defends the Christian faith apologetics by covering a wide spectrum of topics like the credibility and compatibility of the Bible with science the Big Bang evolution and the age of the earth Christianity is an intellectual logical religion and you can believe in God the creator and also accept that God caused the Big Bang to happen use evolution to create and although human beings may originate from the great apes they are unique and special once God made them into His image by putting his spiritual soul in them The individual today gets more than ever bombarded with attacks on Christianity by prominent atheists scientific discoveries different religions and philosophies The intellectual levels of individuals increases all the time and as knowledge increases often so does more questions arise even for believing Christians like why is there so much pain and suffering in the world Considering the limited time people have this book attempt to save time for busy individuals who cannot take a book or two out on every topic that bothers them Covering many controversial questions and arguments with counter arguments a strong case is being made that the arguments against the Christian God fail **When Atheism Becomes Religion** Chris Hedges,2009-03-10 The bestselling author of *The New Fascists* speaks out against religious and secular fundamentalism as he explores the New Atheists those who attack religion to advance their causes **Journal of**
