The Infinity Concerto:

The Infinity Concerto Greg Bear, 2014-04-01 Music myth and magic mix in this tale of a melody not meant for human ears from the New York Times bestselling and award winning author of Darwin's Radio Michael Perrin is an aspiring poet struggling to express the chaotic cadences of his thoughts on paper He finds a kindred spirit in Arno Waltiri the film score composer behind several of Michael's favorite classic movies The maestro's greatest piece however was performed in front of a live audience only once The concerto Opus 45 Infinity left its listeners entranced altered to the very core of their souls Waltiri's composition is a song of power Never meant to be heard by human ears its melody is as captivating as a siren's call its notes ring out like a death knell and its rhythms shake the very foundations of reality The music's otherworldly tones have led Michael through the gate between Earth and the Realm of the Sidhedark where faeries reign by rule of magic and where Michael must find his muse if he's ever to return home The Infinity Concerto is a fantasy masterpiece by the Hugo and Nebula Award winning author of the Forerunner Saga Eon and other imaginative classics

Songs of Earth And Power

Greg Bear, 1996-11-15 The Song of Power opened the gateway to the Realm of the Sidhe allowing young Michael Perrin to slip through Now Michael faces years of captivity and deadly struggles for the future of the Realm and of Earth leading finally to a terrible confrontation on the streets of Los Angeles with the soul of humanity at stake Weaving the power of music poetry and myth into a headlong narrative of nearly overwhelming intensity Song of Earth and Power is one of the most original fantasy epics of our time a vast tapestry of relentless suspense terrible beauty and brilliant imagination Originally published years ago in two parts it now returns in a new edition rewritten by the author and published in a single volume as he originally intended Wrote Analog on its original appearance A delight A vision of Faery that may owe a bit to a wish to do it right Read it

The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

The Serpent Mage Greg Bear, 2014-04-01 From the New York Times bestselling and award winning author of The Infinity Concerto the fantasy saga continues After five years trapped in the Realm of the Sidhedark Michael Perrin has returned home He wants nothing more than to live a normal life but the unearthly music of Arno Waltiri continues to play on The song of power has weakened the veil between the human and faerie worlds The streets of Los Angeles are haunted by uncanny beings strange bodies have been discovered in a dilapidated hotel and an ancient creature calls to Michael from the waters of a loch in Scotland The Sidhe have followed Michael home To repair the rift between Earth and Realm man and fae he will have to wield the magic he wished he never learned and complete an unfinished symphony linked to the ethereal melody of Waltiri's Opus 45 the Infinity Concerto This follow up to The Infinity Concerto is a work of fresh out of the ordinary fantasy by an acclaimed winner of the Nebula and Hugo Awards the author of The Forge of God the Forerunner Saga and other reader favorites
