Termination Dust:

A Venture In Faith Carol Weishampel, Ed.D.,2009-05-01 Stalked by her abusive ex husband and in fear for her life Leah Gray plans an escape Leah s faith in God and in humanity shattered when she is forced out of her comfort zone she secretly purchases a used motor home as a mobile hide out and prepares to pursue a search for a meaningful life Intrigued by her father s stories of building the Alaska Highway Leah determines to flee into the Alaska wilderness On her road trip from Texas to Alaska she encounters empowering women who encourage her on her road to self discovery Leah s fear of men intensifies when she is forced to trust Barret an Alaskan mountain man Can Leah stop running and find healing and love and return to her faith in God [Doyle Flynn's Alaskan Environmental Crime Story](#) Roany Phelan,2012-08 Doyle Flynn disbarred Alaska environmental lawyer afflicted by depression recently divorced is haunted by ghosts both living and dead Fate in the form of an aged Chinese businessman from Doyle s past gives to Doyle the opportunity for deliverance from his transgressions present and past The opportunity comes in the form of an assignment uniquely suited to Doyle s conscientious nature grit and training in environmental law The issue is whether Doyle confronted by threats internal and external can beat the odds and break the cycle of self destruction he has been heretofore unable to rise above Where better to test Doyle s resolve than in the Alaska he inhabits **Ley Lines** Tim Welsh,2025-05-01 Set in the waning days of the Klondike Gold Rush Ley Lines begins in the mythical boom town of Sawdust City Yukon Territory Luckless prospector Steve Ladle has accepted an unusual job offer accompany a local con artist to the unconquered top of a nearby mountain What he finds there briefly upends the town s fading fortunes attracting a crowd of gawkers and acolytes while inadvertently setting in motion a series of events that brings about the town s ruin In the aftermath a ragtag group of characters is sent reeling across the Klondike struggling to come to grips with a world that has been suddenly and unpredictably upturned As they attempt to carve out a place for themselves our protagonists reckon with the various personal historical and supernatural forces that have brought them to this moment A wildly inventive psychedelic odyssey Ley Lines flips the frontier narrative on its ear and heralds the arrival of an exciting new voice in Canadian fiction **Ice Ages and Interglacials** Donald Rapp,2019-04-13 This book provides a detailed review of terminations of ice ages including a very attractive theory based on dust deposits on ice sheets While other books on ice ages are mostly short popular and non technical the only book that attempts to deal with the broad issues of what we know about past ice ages and why they occur is the book by Muller and MacDonald M M published by Praxis However despite its many good features this book suffers from an inordinate emphasis on spectral analysis a lack of coverage of new data and a very confusing sequence of chapters As a result the data and theory are so intimately entwined that it is difficult to separate one from the other This volume provides an independent and comprehensive summary of the latest data theories and analysis This third edition of what has become the premier reference and sourcebook on ice ages addresses recent topics and includes new references new data and a totally new greatly expanded treatment of terminations

of ice ages *Looking for Alaska* Peter Jenkins,2014-03-18 The national bestseller *Destined for greatness* By the end the reader is flying through the book like a bush plane through the Alaskan interior *The Columbus Dispatch* The author of *A Walk Across America* Peter Jenkins is now a bit older than he was in that memoir married with a family and his journeys are different than they were Perhaps he is looking for adventure perhaps inspiration perhaps new communities perhaps unspoiled land Certainly he found all of this and more in Alaska *America's last wilderness* *Looking for Alaska* is Peter's account of eighteen months spent traveling over twenty thousand miles in tiny bush planes on snow machines and snowshoes in fishing boats and kayaks on the Alaska Marine Highway and the Haul Road searching for what defines Alaska Hearing the amazing stories of many real Alaskans from Barrow to Craig Seward to Deering and everywhere in between Peter gets to know this place in the way that only he can His resulting portrait is a rare and unforgettable depiction of a dangerous and beautiful land and all the people who call it home He also took his wife and eight year old daughter with him settling into a home base in Seward on the Kenai Peninsula coming and going from there and hosting the rest of their family for extended visits The way his family lived how they made Alaska their home and even participated in Peter's explorations is as much a part of this story as Peter's own travels All in all Jenkins delivers a warm funny awe inspiring and memorable diary of discovery both of this place that captures all of our imaginations and of himself all over again **The Resurrection Men: A Medical Police Procedural with Supernatural Elements** A.
