Teacher Is A Class Act:

A Teacher is a Class Act Robert Bittner,2000-03 A Teacher Is a Class Act contains humorous true life stories timeless wisdom and spiritual refreshment to encourage a special teacher *A Class Act* Susan Robertson,2017-09-29 This book offers an original and challenging theoretical and empirical approach to mapping the changing nature of teachers work historically and in the contemporary period It is an attempt to understand how and in what ways teachers work has changed following the demise of the post war settlement and the imminent collapse of teachers project of professionalism secured through solidaristic strategies such as unionism Dr Robertson argues that in order to understand these issues a more rigorous set of conceptual tools around social class occupational power and worker control is needed The first two sections of the book set out to address that problem The final section elaborates on the changing contexts and conditions for contemporary teachers more generally and argues that structural and ideological changes within educational provision have led to differing capacities in the realization of class assets **Class Acts** Lavender Hill Press,2009-12-01 *Class Acts Every Teacher s Guide To Activate Learning* is intended for all who work with children from pre K through high school It is an exciting way to experience classroom management and student engagement as if part of the action in situations where teachers grow thrive and make a difference Early reviews have described this book as informative and fun I ve ordered one for every teacher in my school It reads like a novel **A Class Act** Ralph Maltese,2011-04 *EVERYTHING YOU WANTED TO KNOW BUT DIDN T LEARN IN YOUR EDUCATION COURSES* Part handbook part memoir this guide provides practical tips to help first year teachers gain confidence and achieve success Ralph Maltese is a teacher s teacher and he tells it like it is A Class Act is truly teaching for smarties dummies need not apply Among the topics covered Marketing yourself Research and Reality Making the bureaucracy work for you Teacher Triage Addressing discipline problems The Class from Hell The Class the Whole Class and nothing but the Class Classroom teacher for 36 years technology coach Fulbright Teacher Scholar Pennsylvania Teacher of the Year State Consultant Classrooms for the Future Adjunct Professor for Integrating Technology in the Classroom Class Act Mary Ellen Eversman,2022-06-25 **Teachers Monographs** ,1921 **Critical Voices in Teacher Education** Barry Down,John Smyth,2012-04-28 We live in dangerous times when educational policies and practices are debated largely in terms of how they fit with the needs of the free market This volume is a collection of writing by teacher educators that draws on their unique biographies experiences and perspectives to denounce these misguided norms It explores what it means practically and intellectually to teach for social justice in conservative times In a globalised world where the power of capital holds sway the purposes of social institutions such as universities and schools is being refashioned in ways that are markedly instrumental and technicist in nature The consequence is that teachers work is increasingly constrained by regimes of control such as standardised testing accountability transparency and national curricula In the meantime large numbers of students and teachers are disengaging physically emotionally and intellectually

from learning The contributors to this edited volume present both a powerful critique of these developments and a counter hegemonic vision of teacher education founded on the principles and values of social justice democracy and critical inquiry Teacher education they argue involves a commitment to critical intellectual work that subjects some deeply entrenched assumptions beliefs habits routines and practices to closer scrutiny The contributing authors expose how ideology and power operate in seemingly blameless rational ways to perpetuate social hierarchies based on class gender sexuality race and culture
