

Tropical Island

Juicy pineapples

Ripening fast.

Tropical flowers
shining in the grass:

White shells and sand

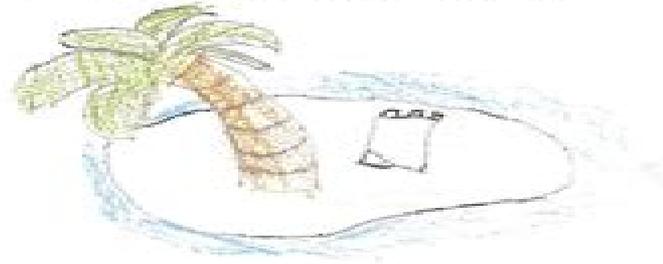

Dancing to the beat.

Sweet Smelling air,
that hungry eyes cannot see.

Lovely blue ocean.

Vast and blue.

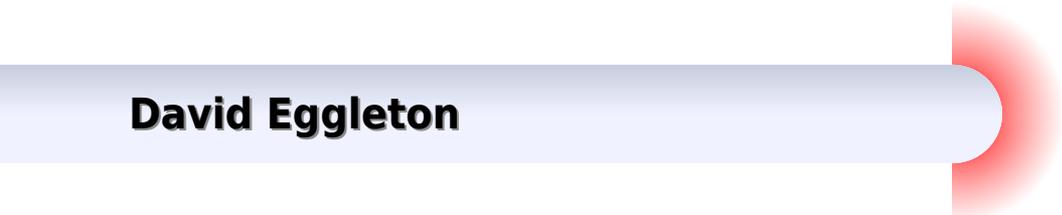

Little pink pearls,
found with you.

The Island Poems

David Eggleton

The Island Poems:

The Island Michael White,1992 No first book in recent memory has so much wisdom so much lyric conviction as Michael White's *The Island* I find his poems astonishingly mature profound evocative Mark Strand [On the Way to the Island](#) David Ferry,1960 **A Map of the Island** Nigel Darbasie,2001-05 A Map of the Island is an extended poetic meditation upon a boy's youth in Trinidad In these verses we hear the cadences of the West Indies spoken from the distance of the Canadian prairies

The Island Man Sings His Song Giftus R. John,2001-05-29 *The Island Man Sings His Song* is a compilation of poems that expresses Giftus John's perspective of life in his native land Dominica an island full of culture and history politics and religion beauty and charm An island where poetry is in motion everyday and every night It also tells how an island man adapts to his adopted homeland America and the frustrations the worries fears concerns and a contrasting way of life compared to the one that he grew up with It also expresses the author's feelings for his homeland as it struggles to find itself in the developing world The poems also take a look globally at topics that cover life in general The poems in *The Island Man Sings His Song* cover numerous topics and have a style each of their own being presented in local dialect kweyol and standard English usage It is a collection of thoughts ideas and hope and inspiration **Swimming to the Island** Alina Maria Rivero,1979

The City and the Island Peter Davison,1966 [Leaving the Island](#) Susanna J. Sturgis,1989 **Island** Kenneth C. Steven,2009 Over the past 20 years Kenneth Steven has become one of the country's most popular poets Drawing on a quiet Celtic spirituality and a love of wild Scotland his engaging poetry offers us something beautiful evocative moving and captivating In *Island* Kenneth Steven has chosen over 100 poems including some of his best and most loved poems along with a selection of new work *Burnt Island* D. Nurkse,2006-05-16 D Nurkse's *Burnt Island* explores tragedy both grand and intimate in city and country in our own troubled moment and across the greater scope of geological time Arranged in three suites of lucid often heart wrenching verse the book begins with a city under siege in a group of poems that becomes a subtle homage to New York after 9/11 a metaphorical burnt island where diggers doze on their shovels citizens contribute bottles of water M M s and casseroles to recovery efforts and survivors mesmerized by the photos of the missing compare them scar by scar with the faces of the living Nurkse then takes up the journey of a couple starting again in nature at a specific place called Burnt Island where the elements instruct them seeming to mirror their conflicts and strife Finally in a charming and profound series of poems centered on marine ecology he finds the infinite in the infinitesimally small and offers us in sparkling mysterious verses the strange comfort that comes with observing the life of the ocean we are like you because we are born by the billions and float into the open ocean we live another second or much less less than a blink until the code comes to know itself and the mind dreams another mind that will survive it there in the bright curtain of spray from The Granite Coast **The patois poems of the Channel islands: the Norman-Fr.text, ed. with Engl. tr., hist. intr. and notes by J.L.Pitts** Channel islands,1883 [4 from the Island](#) James Keefer,1977 *Poems of the Rewoven*

Shore Aelric Mirrowind,2025-08-14 Some shores can only be reached when you are not looking for them Beyond the maps and measured seas lies a place Aelric Mirrowind has walked an island that waits yet nevermore Its sands remember every step its air holds the sound of bells no one has seen and its waters return what was spoken into them when the time is right In *Poems of the Rewoven Shore* Fragments from the Island That Waits Yet Nevermore Aelric offers verses gathered like driftwood from a world most have forgotten They are not instructions nor familiar stories they are moments caught between tides carried back for any who would walk further than the world they know If you've ever felt the air change without reason you may already be closer to the Shore than you think *The Child of the Islands* Caroline Sheridan Norton,1845

Poetry and Islands Rajeev S. Patke,2018-03-01 In all cultures and times the poetic imagination has fed on the natural attributes of islands An island is either a destination or a home or a place of exile and imprisonment or simply a place to sojourn It is an ideal vehicle for journeys treated as allegories or for acts of finding that turn into acts of losing or the reverse transformation An island is not a continent yet it can be an archipelago An island is both a place in itself and a pretext for imaginings that need a local habitation and a name It can give relief and pleasure or it can frustrate isolate and negate Above all it both invites and resists or contains or constrains the imagination *Poetry and Islands* explores how islands become repositories of human longings and desires a locus for some of our deepest fears and fantasies It balances historical and geographical reference with a selective approach to poems and poets in English and in translations into English The study of particular poems in which islands figure in exemplary ways is balanced by a more detailed discussion of the poets who have played a major role in shaping human responses to islands on a global scale **From the Island** Judith Davison Small,1978

The Island of Youth; and Other Poems Edward Shanks,2012-08 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **The World's Best Poetry: Poems of national spirit** Bliss Carman,1904 *The Road to the Island, and Beyond* Adrian Rogers,2025-09-28 The poems in this collection are crafted in a style that is at once lucid spontaneous and deeply engaging Each verse flows with an effortless grace that reflects the poet's mastery over language and thought What is most remarkable is the poet's deliberate rejection of affected verbose and wearisome expressions which so often burden modern poetry Instead the poet embraces a language that is simple yet profound allowing the reader to experience the purity of emotion and the clarity of vision without distraction As one journeys through the collection a sense of gradual elevation is felt as though the poet is leading the reader from the quiet shores of contemplation into the vast ocean of human experience The climax of the poet's triumph is reached in moments of such emotional intensity and artistic perfection that the reader is entirely swept away carried to a realm where the

distinction between poet and reader seems to dissolve These moments of heightened beauty linger in the mind long after the poems are read leaving behind a resonance that is both intellectual and emotional This collection therefore is not merely a set of poems but a testament to the power of genuine unaffected art a celebration of thought feeling and expression in their most natural and enduring form

Letters From the Island Siv Cedering Fox, 1973 *Lifting the Island* David Eggleton, 2025

This collection is a kind of lyrical word map of the South Pacific built up through a lush epic catalog of flora fauna and artifacts The poems are frequently infused with a wry humor and while they often eschew both narrative and personal epiphany they make intensely detailed vigorous observations of place and landscape that are curious sparkling and sometimes hilarious Linguistically agile this book's stanzas bring together the lyrical and the slangy celebrating the local vernaculars of New Zealand Australia and Polynesia Many of its poems work as cascading streams of image of pronouncements of dramatic tonal shifts almost line by line and with dense daring metaphor clusters that entertain as well as illuminate
