The Precision Bidding System In Bridge:

The Precision Bidding System in Bridge C. C. Wei,1973 **THE PRECISION SYSTEM OF CONTRACT BRIDGE**
BIDDING CHARLES H. GOREN,1971 The Precision Diamond Bridge Bidding System Ken Casey,2019-09-11 The second edition of this book incorporates the 2 1 Game Force bidding system The book is designed to improve your bidding in 5 steps The 1st step involves maximizing your use of the 2 1 system whenever you open with a major suit The 2nd step involves your use of the New Minor Forcing convention to find a 5 card major in responder s hand The 3rd step involves adoption of the strong 2 bid a bid of 20 21p with an unbalanced hand one with a singleton or void By tweaking reverses this allows the opener to show an unbalanced hand by bidding at the 2 level with 16 17p or at the 3 level with 18 19p The 4th step involves optimizing your slam bidding with conventions to show the trump Queen It also involves the use of the Redwood kickback convention minor suit contracts and the use of the Fourth Suit Forcing convention to ascertain whether the opener has 4 or 5 cards in this 2nd bid suit The 5th step involves the use of bids to hamper the opponents from finding their 4 4 spade fit This involves the use of the Casey overcall and the use of the Casey Jacoby Transfer for R s 5 card majors Finally the use of inverted minors is discussed **Simplified Precision Club Bridge Bidding System** Ken Casey,2021-08-23 This book incorporates the 2 1 Game Force bidding system for opening majors and the Casey Simplified Precision Club system for opening minors This book simplifies the traditional Precision Club system by eliminating many of its unnecessary complications You will only need to add one new convention the opening 1 bid to your Standard American system This system enables the responder to know the opener s point count within a 2p range after the opener s rebid In addition the Casey Overcall will improve your part scores by hampering the opponents from finding their spade fit The book will also help you reach a new level by improving your slam bidding The advantage of using the Casey Bidding System is that you will open the hand 12.6% more often than with Standard American Ken has published more than 15 bridge books There are 5 core books as follows Tournament Bridge for Beginning Players 4th ed 2020 Tournament Bridge for Intermediate Players 5th ed 2021 Tournament Bridge for Advanced Players 4th ed 2021 Tournament Bridge for Notrump Contracts 4th ed 2020 and Tournament Bridge Tips on Defense 4th ed 2020 In addition Ken has published two books on bidding The Casey Simplified Precision Club Bridge Bidding System 2nd ed 2021 and the Casey 2 1 Bridge Bidding System 5th ed 2022 Ken served as a Russian interpreter during the Vietnam War and then spent over 30 years practicing as a tax attorney Ken also has an MBA in accounting and a CPA The Precision Diamond Bridge Bidding System Ken Casey,2019-06-19 The Precision Diamond system provides a solution to the flaws in the Standard American bidding convention SAYC There are 6 notable features of my bidding system The 1st feature is the ability of the responder to show his 5 card major suit immediately using the Casey Jacoby Transfer The 2nd feature is that Precision Diamond permits the opener to show his points within a 2p range from 16 21 points using the Casey Shift and the Strong 2 opening The 3rd feature is the ability of the overcaller to show his 4 card

major suit immediately by assigning 1NT to show 4s The 4th feature of Precision Diamond is the ability of the Keycard Asker in a slam contract to ascertain whether the opener has the trump queen using the Casey RKC method The 5th feature is the ability of the opener to show keycards including the trump queen at the 4 level in the case of a minor suit slam attempt using Minorwood The 6th feature is the ability of the opener to find a slam with a minor suit fit using the Casey Minor Rebid convention *Chas. H. Goren Presents the Precision System of Contract Bridge Bidding* Charles Henry Goren,1972

Bridge Irving Dlugatch,1989 *Precision Simplified --- Second Edition* Neil H. Timm Ph. D.,2011-05-05 The 2 1 Game Force System is an improvement over the Standard American System that has been played by bridge players for years The clear advantage of 2 1 is that it allows a partnership to know that game is possible with only a single bid by the responder However a significant disadvantage is that the opener may have between 12 and 21 high card points HCP when opening one of a suit obviously a very wide range To remedy this situation one may employ the strong club system in contract or duplicate bridge know simply as Precision [Charles H. [Standard American 21](#) John Thomas,2004 Since mid nineteenth century when Charles Goren popularized the point count system of hand evaluation and bridge bidding a system that became known widely as Standard American there have been significant advances in the art of bidding advances that have been time tested and proven effective Unfortunately Standard American did not keep pace Early point count standards undervalue many hands Furthermore many traditional bidding rules became obsolete and fell by the wayside as new ideas were created time tested and adopted by the most innovative players Prominent among the new methods are five card majors limit raises preemptive two level openers the Stayman convention and a reconstruction of the entire notrump bidding scheme Standard American 21 presents an integrated modern contract bridge bidding system The entire system can be adopted quite readily by players of intermediate skills and beyond Here for the first time bridge players have the tools to achieve real precision bidding from part score through game and slam **The Optimal Modified 2/1-Club System** Neil H. Timm Ph.D.,2022-03-23 My goal for The Modified Optimal 2 1 Club System is to show how to use the Optimal Point Count OPC method of hand evaluation developed by Patrick Darricades in his book *Optimal Hand Evaluation* 2019 to improve the dialogue between two players to achieve an optimal bridge contract The primary objective is to demonstrate how to apply the new system approach to contract bridge by illustrating a more accurate method of hand evaluation whether you play 2 1 Standard American SA Acol or Precision among others The Two over One 2 1 Game Force bidding system was an improvement over the SA System that has been in effect and played by bridge players

for many years Many claim that the advantage of the 2 1 system allows the partnership to know that game is possible with only a single bid provided one has 13 points As we shall see for suit contracts it is only true if the opening 2 1 bidder has 15 points not 12 13 points since 25 26 points do not result in game whenever a singleton in one hand finds wasted honor points in partner s hand Yet most 2 1 conventions call for 13 High Card Points HCP Another flaw of the 2 1 approach is the fact that opening 1 level suit bids have a wide bidding range 12 21 To eliminate this flaw the principles of Pinpoint Precision with 1 18 points and new responses associated with a new and improved hand evaluation method A major flaw of most Strong Club opening bids is that they are based solely on HCPs with opening bids of 1 16 17 HCP To correct these flaws among others the search for a better hand evaluation method and a better bidding system has been unrelenting Hand evaluation methods have been popularized by Milton Work Charles Goren Marty Bergen and Petkoy Zar and others All falling short when applied to the commonly used dialogue bidding systems The Optimal Point Count OPC method of hand evaluation corrects the many flaws of prior hand evaluation methods when applied to any bidding system In this book many traditional standard bidding practices that do not help to show suit fit and distribution are to be avoided or re defined Splinters and mini splinters which show the location of voids and singletons to help locate wasted honors the XYZ bidding convention cue bidding and new bids for the investigation of game and slam are among the cornerstone conventions reviewed in this book Newly defined 2 and 3 level bids to show hands with 6 7 card suits are defined to prevent the opponents from finding their optimal contract and to improve upon difficult bidding sequences using traditional bidding strategies The evaluation of one s Offense to Defense Ratio ODR why many well known bidding sequences must be avoided and an analysis of several old standard bridge laws rules are reviewed to show why they need not be used to improve one s judgement if one employs the OPC method

Pocket Summary of the Precision System of Contract Bridge Bidding, 1970 *The Official Encyclopedia of Bridge* Henry G. Timm Ph. D., 2011-05-20 The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding This is not a book on conventions it is a book about bridge that incorporates conventions that allow the partnership to reach game or slam In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen New bidding conventions like SARS Shape Asking Relays after Stayman Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today In this second edition I have included additional Bridge Rules expanded and added material in several sections and included many more conventions common to the 2 1 Game Force System This edition includes the Montreal club and

diamond relay bids the Kennedy club the Kaplan interchange bid the Ekren 2 convention picture bids the forcing pass masked mini splinters the Ingberman and Ping Pong conventions and the Marvin two spades convention among others Finally a new chapter on Precision called Simplified Precision has been added **How I Became a Life Master Playing the Weak No Trump** Eric v.d. Luft, 2009-07-10 A comprehensive exposition of the Kaplan Sheinwold K S bidding system incorporating up to date aggressive methods Advantages of this Aggressive Weak No Trump bidding system include 1 A greater proportion of limit bids and a higher frequency of bids in general improving communication between partners 2 More accurate low level descriptive bids making it easier during the auction to envision the probable play of the hand and to find your best contract 3 Increased use of preempts making it more difficult for the opponents to find their best possible result in a competitive auction
