The Prefiguration; Poems Frank Samperi, 1971-01-01 Dante's Sacred Poem Sheila J. Nayar, 2014-08-28 Arguing that the consecrated body in the Eucharist is one of the central metaphors structuring The Divine Comedy this book is the first comprehensive exploration of the theme of transubstantiation across Dante's epic poem Drawing attention first to the historical and theological tensions inherent in ideas of transubstantiation that rippled through Western culture up to the early fourteenth century Sheila Nayar engages in a Eucharistic reading of both the flesh allusions and metamorphosis motifs that thread through the entirety of Dante's poem From the cannibalistic resonances of the Ugolino episode in the Inferno to the Corpus Christi like procession seminal to Purgatory Nayar demonstrates how these sacrifice and Host related metaphors allusions and tropes lead directly and intentionally to the Comedy's final vision that of the Eucharist itself Arguing that the final revelation in Paradise is analogically the Bread of Life Nayar brings to the fore Christ's centrality as sacrament to The Divine Comedy a reading that is certain to alter current day thinking about Dante's poem Poets on Prozac Richard M. Berlin, 2008-04-30 Honorable Mention 2008 PROSE Award for Best Book in Psychology Professional and Scholarly Publishing Division of the Association of American Publishers Poets on Prozac shatters the notion that madness fuels creativity by giving voice to contemporary poets who have battled myriad psychiatric disorders including depression schizophrenia post traumatic stress disorder and substance abuse The sixteen essays collected here address many provocative questions Does emotional distress inspire great work Is artistry enhanced or diminished by mental illness What effect does substance abuse have on esthetic vision Do psychoactive medications impinge on ingenuity Can treatment enhance inherent talents or does relieving emotional pain shut off the creative process Featuring examples of each contributor's poetry before during and after treatment this original and thoughtful collection finally puts to rest the idea that a tortured soul is one's finest muse
