Little Girl Black Cassandra Hudson, 2020-03-23 This book and all my Little Girl Black poetry books volumes 1-6 celebrate and confront dreams religion marriage unfairness sex friendship racism colorism abuse strength judgments fantasies love education families power death the black sheep syndrome and many other situations An education is something you must have Without a doubt you will need an education someday Without an education who will count your coins or how would you know how much paper was in your bag before you let your smart ass accounting count it for you His or her pockets may just be dripping with your cash You know he or she will be twerking and crip walking all the way to the bank You better learn quick how to count your moolah Sticky fingers always come with skills Without an education how will you learn about your history Who will teach you about all the wars that were won and lost if you can't read You will have to depend on what someone is telling you If you can read you can do your own research of your past present and future If you don't get an education someone else will write your story and tell all kinds of tall tales If you didn't go to school and learn to write your story yourself who can tell your life story better than you An education is a must You will find out the hard way Just because they're your friends in your face doesn't mean they will be the same friends behind your back Your story is being written and told by a hater Navigate your own legacy by learning to read Who will speak for you if you don't speak for yourself No one knows how or why your pain multiplies why your happiness is so big it floats up to the sky or how bright your future will get if you keep your head in your books and your nose clean Dyslexic I know some of us need a little help or maybe just a little extra time because of how our brain operates or is wired If I can so graciously attempt to describe a dyslexic mind I will try with some old dance crazes from the fifties and sixties as metaphors Well here goes A so-called normal mind or brain does the dance we call the twist slowly twisting or wiggling your hips and still keeping up with the beat as you let your backbone slip or a simple slow drag or stepping a dance where you're in total control Your smooth moves engage every part of your body as you slowly synchronize across the room and floor holding your partner close And my brain a dyslexic brain is very busy and does an old dance called the funky chicken and the funky funky Broadway moving the head feet and all limbs at the same time at a faster tempo but dramatic Just a step behind but your imagination is all the way up on cloud nine That's how I describe a dyslexic mind But being dyslexic does not make a normal brain better and surely does not make a dyslexic brain lesser than It just makes our brains different simple as that Cassandra Hudson December 10 2019 "C" Richard E. Schingoethe, 2009-08 Many times I thought I couldn't live with you And many times I know I can't live without you Among a myriad of books about love and relationships you will not find another quite like C A story for Couples coming and going C brings wit and wisdom anecdotes and observations from a writer who has truly lived it in ways that frequently mirror our own With a lively unique and refreshing blend of narrative musical lyrics and quotable quotes C takes us on a journey through the phases of Coupling from Finding your C Mate to Un Coupling and even Post Couple Coupling While being a

couple is in many ways rather simple put two people together and ka boom you have a couple a multitude of factors can enhance aggravate or even detour the relationship C draws on the author s life n times with special colleagues to give us a highly perceptive view of what happens at various stages in relationships while offering actionable ideas that help make Coupling more fun Sometimes funny heartwarming or even heartbreaking C makes no pretenses about being more than its title implies Whether you re a 20 something a mid lifer or older currently Coupling Un Coupling or at stages in between C can help smooth out speed bumps on the highway to forever and make your Couple times more meaningful more enjoyable Perhaps because in many ways C is every reader s story too [She Rode West](#) Rachel Santino,Betsy Randolph,2025-06-23
