What Is Existence:

Five Proofs of the Existence of God Edward Feser, 2017-08-25 This book provides a detailed updated exposition and defense of five of the historically most important but in recent years largely neglected philosophical proofs of God's existence: the Aristotelian, the Neo-Platonic, the Augustinian, the Thomistic, and the Rationalist. It also offers a thorough treatment of each of the key divine attributes: unity, simplicity, eternity, omnipotence, omniscience, perfect goodness, and so forth, showing that they must be possessed by the God whose existence is demonstrated by the proofs. Finally, it answers at length all of the objections that have been leveled against these proofs. This work provides an ambitious and complete defense of traditional natural theology as is currently in print. Its aim is to vindicate the view of the greatest philosophers of the past, thinkers like Aristotle, Plotinus, Augustine, Aquinas, Leibniz, and many others, that the existence of God can be established with certainty by way of purely rational arguments. It thereby serves as a refutation both of atheism and of the fideism that gives aid and comfort to atheism.

Immaterial Existence Sam Oputa, 2017-07-20 What is reality? What is existence? Does existence cease to exist? Reality is hard to pin down to one definition. Existence is being. Existence is being aware. Existence does not cease to exist. And it all depends on reality, your reality. The very word existence should describe the only real thing that exists in the universe and beyond: Consciousness. Consciousness alone and nothing else. Everything is conscious, even if you do not see it. The earth rotates. Movement indicates that the earth is doing exactly what was intended for it to do. What makes it rotate? The sun shines brightly, always. The moon shines brightly too in the night. It is like clockwork. It just happens. It is programmed to happen like that. It is consciousness at work. Some call it nature, the forces of nature, they would chime in. But nature is following a script, a prewritten software. Nature cannot change this script. Nothing can change this script of a software for our earth, planetary system, and indeed the universe, because the program is set from the beginning. If you can understand that well, you are welcome to a world created for the enjoyment of Consciousness. If you think about it, the universe seems to have been synchronized by an intelligence. Science is yet able to put a finger on it. Perhaps Thomas H. Huxley, a biologist and humanist, said it best below. It seems to me that there is a third thing in the universe, to wit, consciousness, which I cannot see to be matter or force or any conceivable modification of either.

Riddles of Existence Earl Brink Conee, Theodore Sider, 2007 The questions of metaphysics are the deepest and most puzzling questions there are. What is time? Am I free in my actions? What makes me the same person I was as a child? What is it for one thing to cause another? *Riddles of Existence* is the first book ever to make metaphysics genuinely accessible and fun. Its lively informal style brings the riddles to life and shows how stimulating it can be to think about them. No philosophical background is required to enjoy this book; anyone who has thought about life's most profound questions will find plenty to provoke and entertain them here.

Denying Existence A. Chakrabarti, 2013-03-14 This book tries to explore in language as non-technical as possible the deepest philosophical problems regarding the logical status of empty singular terms such as Pegasus, Batman, The impossible staircase, departs in

Escher's painting *Ascending Descending* etc and regarding sentences which deny the existence of singled out fictional entities It will be fascinating for literary theorists with a flair for logic to students of metaphysics and philosophy of language and for historians of philosophy interested in the fate of the Russell Meinong debate For teachers of these aspects of analytic philosophy this will provide a textbook which goes beyond the Western tradition without plunging into any mystical Eastern Emptiness which is what some previous comparative philosophers did

Riddles of Existence: A Guided Tour of Metaphysics Earl Conee, Theodore Sider, 2005-09-08 The questions of metaphysics are among the deepest and most puzzling What is time Am I free in my actions What makes me the same person I was as a child Why is there something rather than nothing *Riddles of Existence* makes metaphysics genuinely accessible even fun Its lively informal style brings the riddles to life and shows how stimulating they can be to think about No philosophical background is required to enjoy this book anyone wanting to think about life's most profound questions will find *Riddles of Existence* provocative and entertaining

The Holy Books of Yahweh Louis Ginzberg, Heinrich Graetz, Judah Halevi, Moses Maimonides, Samuel Rapaport, Simeon Singer, Nurho de Manhar, Abraham Cohen, 2023-11-14 *The Holy Books of Yahweh* offers an unparalleled exploration of religious and philosophical thought expressed through a rich diversity of literary genres ranging from historical exegeses to devotional poetry and theological treatises This anthology serves as a profound repository of insights weaving together narratives that navigate the complexities of faith and identity The collection is thoughtfully curated to include a broad spectrum of works that echo the multifaceted dimensions of spirituality and learning providing readers with a deeply immersive experience that spans eras and traditions Contributors like Louis Ginzberg Heinrich Graetz and Moses Maimonides among others bring a tapestry of backgrounds that collectively reflect an enduring intellectual tradition Their works are integral to understanding the cultural and historical milieu of Jewish religious thought This anthology aligns with pivotal movements such as Jewish enlightenment and medieval philosophical inquiry where voices from diverse epochs communicate a cohesive exploration of faith and reason in turn shaping a comprehensive narrative on divine revelation and spiritual discourse *The Holy Books of Yahweh* stands as an indispensable resource for those seeking to deepen their appreciation of theological and historical scholarship The anthology invites readers into a dialogue that transcends time offering varied perspectives that enrich one's understanding of the sacred texts It stands as an invaluable educational tool promoting both critical reflection and a deeper engagement with the lasting questions of belief ethics and the divine presence within human history Readers are encouraged to embark on this journey for its profound academic worth and the timeless wisdom enclosed within its pages

Saint Thomas Aquinas on the Existence of God Joseph Owens, 1980-01-01 This book puts before the reader a succinct and philosophically valid interpretation of St Thomas Aquinas arguments for the existence of God by a modern historically grounded interpreter of his thought Father Joseph Owens is well known for the exacting care with which he prepares his articles and the solid scholarly apparatus with which he supports them His

knowledge of Greek Latin Aristotelian as well as the Thomistic corpus is profound and he is conversant with the various interpretative traditions within Aristotelianism and Thomism in ancient medieval and modern times in their appropriate languages This volume will challenge the reader yet it includes everything to help comprehend the position of St Thomas Aquinas on this central issue

Avicenna's Metaphysics in Context Robert Wisnovsky,2018-05-31 The eleventh century philosopher and physician Abu Ali ibn Sina d A D 1037 was known in the West by his Latinized name Avicenna An analysis of the sources and evolution of Avicenna s metaphysics this book focuses on the answers he and his predecessors gave to two fundamental pairs of questions what is the soul and how does it cause the body and what is God and how does He cause the world To respond to these challenges Avicenna invented new concepts and distinctions and reinterpreted old ones The author concludes that Avicenna s innovations are a turning point in the history of metaphysics Avicenna s metaphysics is the culmination of a period of synthesis during which philosophers fused together a Neoplatonic project reconciling Plato with Aristotle with a Peripatetic project reconciling Aristotle with himself Avicenna also stands at the beginning of a period during which philosophers sought to integrate the Arabic version of the earlier synthesis with Islamic doctrinal theology kalam Avicenna s metaphysics significantly influenced European scholastic thought but it had an even more profound impact on Islamic intellectual history the philosophical problems and opportunities associated with the Avicennian synthesis continued to be debated up to the end of the nineteenth century

The Oneness and Simplicity of God Barry D. Smith,2013-11-13 That YHWH is numerically one is foundational to the theology of the Hebrew Bible Christian theologians historically have affirmed that there is a more fundamental type of oneness attributable to God God is one not merely in the sense of being the only God but also in the sense of being simple or non composite having no parts of any kind In this way God is said to be an absolute unity After a consideration of all the evidence Barry D Smith reaches the conclusion that there is no basis for ascribing simplicity to God The simplicity doctrine is not found in Scripture and the traditional arguments used to establish it are unconvincing In addition the recent defenses of the simplicity doctrine prompted by Alvin Plantinga s work Does God Have a Nature are unsuccessful It should not be thought however that the rejection of divine simplicity means that by default God must be conceived as composite not even as a perfect composite with maximally great God making properties Rather there is a third option God should not be conceived as either simple or composite The question of in which mode God has attributes or exemplifies properties should be set aside

What Is Existence Introduction

In the digital age, access to information has become easier than ever before. The ability to download What Is Existence has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download What Is Existence has opened up a world of possibilities. Downloading What Is Existence provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This

convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading What Is Existence has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download What Is Existence. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading What Is Existence. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading What Is Existence, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download What Is Existence has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
