## **What Planners Do:**

What Town Planners Do Abigail Schoneboom, Jason Slade, Malcolm Tait, Geoff Vigar, 2024-05-21 Presenting the complexities of doing planning work with its moral and practical dilemmas this rich ethnographic study analyses today's planning scene through the stories of four diverse working environments

**What Planners Do** Charles Hoch, American Planning Association, 1994 What do planners do Address issues of power politics and persuasion in their efforts to pursue the public good writes the author in the first chapter of this powerful work Hoch first interviewed 29 practicing planners Then he observed each one of them at work interacting with staff citizens or public officials In *What Planners Do* he tells their stories He exposes the tension between the authority of the professional planner and the politics of the public good by taking you inside the real world of planning practice

*Explorations in Planning Theory* Luigi Mazza, 2017-09-29 What is this thing called planning What is its domain What do planners do How do they talk What are the limits and possibilities for planning imposed by power politics knowledge technology interpretation ethics and institutional design In this comprehensive volume the foremost voices in planning explore the foundational ideas and issues of the profession *Explorations in Planning Theory* is an extended inquiry into the practice of the profession As such it is a landmark text that defines the field for today's planners and the next generation As Seymour J Mandelbaum notes in the introduction the shared framework of these essays captures a pervasive interest in the behavior values character and experience of professional planners at work All of the chapters in this volume are written to address arguments that are important in the community of planning theoreticians and are crafted in the language of that community While many of the contributors included here differ in their styles the editors note that students experienced practitioners and scholars of city and regional planning will find this work illuminating and helpful in their research

The Equity Planner Jason King, 2023-11-30 Economic development is intended to benefit everyone in a community however in many cases increased public and private investment can result in the pricing out and displacement of existing residents and businesses How do we achieve more equitable outcomes The *Equity Planner* provides a toolkit of practical solutions for planners and all those involved in placemaking to promote thoughtful inclusive planning Each chapter of *The Equity Planner* examines one particular aspect of inequity in the urban planning sphere covering issues such as identity retention affordability and the protection and enhancement of local assets While each chapter offers practicable solutions to these issues the Notes from the Field sections describe how these same tools have been used either successfully or unsuccessfully in projects the author has been involved in with a particular focus on the local resistance each project encountered These real world case studies are used to suggest methods to overcome such resistance which the reader can then apply to their present initiatives This book is written for urban planners local activists social scientists policymakers and anyone with an interest in equity planning This book will be of use to both practicing and training urban planners and architects who seek to add equity planning to their professional repertoire

*From Student to Urban Planner* Tuna

Taşan-Kok, Mark Oranje, 2017-12-06 For many young planners the noble intentions with going to planning school seem starkly out of place in the neoliberal worlds they have come to inhabit For some the huge gap between the power they thought they would have and what they actually do is not only worrying but also deeply discouraging But for some others practice means finding practical and creative solutions to overcome challenges and complexities How do young planners in different settings respond to seemingly similar situations like these What do they do give up adjust or fight back What role did their planning education play and could it have helped in preparing and assisting them to respond to the world they are encountering In this edited volume stories of young planners from sixteen countries that engage these questions are presented The sixteen cases range from settings with older established planning systems e g USA the Netherlands and the UK to settings where the system is less set e g Brazil being remodeled e g South Africa and Bosnia Herzegovina and under stress e g Turkey and Poland Each chapter explores what might be done differently to prepare young planners for the complexities and challenges of their real worlds This book not only points out what is absent but also offers planning educators an alternative vision The editors and esteemed contributors provide reflections and suggestions as to how this new generation of young planners can be supported to survive in embrace and change the world they are encountering and in the spirit of planning endeavor to change it for the better
