Where's Kevin? Frank Fitzgerald, 1992 When his family goes on vacation to Miami Beach Kevin ends up lost in New York City and the reader is asked to find him in pictures of various locations around town **Where's Kevin?** Frank Fitzgerald, 1992 When his family goes on vacation to Miami Beach Kevin ends up lost in New York City and the reader is asked to find him in pictures of various locations around town **Holding Their Own X** Joe Nobody, 2019-05-08 Life as a post apocalyptic rancher isn't easy for Bishop and his family The Texan's struggles are further complicated by a recovery that has left him feeling out of touch with the new realities of a rapidly changing society Out of the West comes the most serious challenge the Alliance has ever faced a danger so potent that it could lead to another downfall and spell the end of the grand experiment in self reliance Respecting Bishop and Terri's wishes to live a normal secluded life the Alliance leadership does its best to overcome the new threat Despite heroic acts and the best intentions their efforts only succeed in pulling society closer to the brink of another collapse With their friends in danger war looming on the horizon and the Alliance's future teetering on the brink the couple are thrust into a face paced adventure that tests the limits of their skills intellect and love for each other Case of the Missing Millionaire Nora Quick, 2015-01-14 Blackmail Murder Sex for Hire Chicago's Hottest P I Takes Her Toughest Case When a missing person's case leads to a secret stash of millions Marly Jackson P I is hot on the trail The Case Of the Missing Millionaire takes her deep into a world where sin sells for any price and every friend is foe Evading mobsters a killer and the FBI Marly teams with her ex lover Finn a retired police captain a deviant heiress and a former whore to find the truth in a sea of sex lies and betrayal When passions run hot Marly Jackson must keep her cool to win the ultimate prize survival The Field Day Anthology of Irish Writing Seamus Deane, Andrew Carpenter, Angela Bourke, Jonathan Williams, 1991 **From a Whisper to a Movement** Joshua Guitar, Alan Chu, 2025-08-01 Through substantive case studies on issues of human rights this collection of rhetorical investigations engages the interactions among whistleblowers public protest and relationships of power While whistleblowers are commonly viewed as disempowered members of institutions who expose acts of wrongdoing *From a Whisper to a Movement* argues that whistleblowing acts can occur from an assemblage of persons and places not typically associated with the term This theoretical foundation affords us the ability to substantively interrogate the rhetorical linkage between solitary whistleblowing acts scaffolded around a sense of democratic ethics and the rhetoric of the consequent publics that demand corrective action As mass social protests often emerge from singular moments of discovery the connected discourses expose a unique site within the public forum rich with rhetorical significance While not all whistleblowing utterances prompt public protests and only some protests coalesce around the disclosure of wrongdoing recent history demonstrates that exposed abuses of power often prompt collective action in the name of human rights This volume interrogates how disempowered actors often working alone can inform democratic discourse and global movements *The Explosive Child [Sixth Edition]* Ross W. Greene, PhD, 2021-08-17 Dr

Ross Greene provides a compassionate practical approach to treating explosive children Rather than viewing their behavior as willfully disobedient he draws upon recent advances in the neurosciences and his extensive experience working with challenging children at Massachusetts General Hospital Harvard Medical School in explaining that the difficulties of these children stem from brain based deficits in two critical developmental skills flexibility and frustration tolerance These children may suffer from oppositional defiant disorder ODD and bipolar disorder Often misdiagnosed under the broad umbrella of attention deficit hyperactivity disorder ADHD they are too readily treated with drugs that can exacerbate their behavior In a departure from treatments relying on rewarding and punishing Dr Greene s approach helps us grasp the underlying problems of explosive children defuse explosive episodes and reduce tension and hostility levels for the entire family by providing valuable tools for coping
