

Whiskey Priest

Richard Bailey

Whiskey Priest:

Fighting Evil Haim Gordon, 1997-02-28 What can we learn from the novels of Graham Greene This book argues that Greene s writings have much to teach us about fighting evil here and now and about endeavoring to live a worthy life In novels that span half of the twentieth century Greene related stories of evil persons who destroyed the freedom of others and of a few simple people who fought them Through these stories he showed us three basic truths first evil exists second it is possible to fight it and third one may attain wisdom and sometimes a very limited glory by undertaking such a struggle Gordon s study sets forth its own important lesson thinking and assuming responsibility for the world guided by the reading of great literature are keystones of any worthy life *In, Out and Beyond* Antonio Medina-Rivera, Lee Wilberschied, 2011-05-25 The essays presented in this volume are a peer reviewed selection of some of the best papers presented during the 3rd Crossing Over Symposium at Cleveland State University from October 9 11 2009 Scholars from the United States Canada Belgium France Spain Italy India Israel and the United Kingdom came together to examine border experiences from different points of view Originally the organizers called upon a diversity of borderland possibilities for this conference cultural political educational religious international intranational linguistic gender ideological age tribal social class caste identity and neighborhoods The definition of borderland was not limited to territorial spaces but rather was open to any kind of confrontation encounter affecting different situations of our lives The call for this conference was interdisciplinary in nature and its intent was to open a discussion between the humanities and the social sciences on the dynamic issue of borders Mood Spectrum in Graham Greene Brian Edwards, 2015-10-05 Mood Spectrum in Graham Greene examines the pathology of bipolar disorder through symptoms uniquely expressed in the writer s novels It explains and illustrates how mutated genes endow him with artistic genius even as they engender a mental illness that too often results in a life barren of intimacy and in an unquiet mind that can lead to psychosis and suicide if untreated Critics have generally either ignored his illness in his novels or ascribed agency based on false psychological models despite Greene often projecting his illness into character constructs that share his condition and that provide the reader with a virtual case study of manic depression CliffsNotes on Greene's The Power and the Glory Edward A Kopper, 1986-11-15 This CliffsNotes guide includes everything you ve come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works Graham Greene's Catholic Imagination Mark Bosco, 2005-02-17 Much has been written about Graham Greene s relationship to his Catholic faith and its privileged place within his texts His early books are usually described as Catholic Novels understood as a genre that not only uses Catholic belief to frame the issues of modernity but also offers Catholicism s vision and doctrine as a remedy to the present crisis in Western civilization Greene s later work by contrast is generally regarded as falling into political and detective genres In this book Mark Bosco argues that this is a false dichotomy created by a narrowly prescriptive understanding of the Catholic genre and obscures the impact of Greene s developing

religious imagination on his literary art Performance assessment and portfolio management ,2002 **Greene's The Power and the Glory, and Other Works** Gregor Roy,1966 **The American Ecclesiastical Review** Herman Joseph Heuser,1951-07 **Crossroads** Albert Sonnenfeld,1982 **The Irish Ecclesiastical Record** ,1928 **English Language Notes** ,1970 *Religion & Literature* ,1992 Graham Greene David Lodge,1966 *Catholic World* ,1890 **Priests** James A. Fischer,1987 Twayne's English Authors Series ,1964 The American Mercury ,1952 **The Vital Tradition** Jean Kellogg,1970 **Stories for the Christian Year** Chrysostom Society,1992 Christians inherited a Roman calendar that was adequate for getting up in the morning going to bed at night calculating the equinox and setting a wedding date But the stories attached to the Roman calendar were inappropriate to Christian belief so Christians told stories of Jesus which eventually replaced the Roman versions Now these classical stories are retold collected in one volume
Irish Ecclesiastical Record ,1942
