Remember Mariana Achugar, 2008 This interdisciplinary monograph explores the discursive manifestations of the conflict over how to remember and interpret the actions of the military during the last dictatorship in Uruguay 1973 1985 Through the exploration of the discursive ways in which this powerful group represents past events and participants we can trace the ideological struggle over how to reconstruct a traumatic past By looking at memory as a social and discursive practice the analysis identifies particular semiotic practices and linguistic patterns deployed in the construction of memory The discursive description of what is remembered how it is remembered and who remembers serves to explain how the institution s construction of the past is transformed and maintained to respond to outside criticism and create an institutional identity as a lawful state apparatus This book should interest discourse analysts historians sociologists and researchers in the field of transitional justice Young Castro Jonathan M. Hansen, 2019-06-18 This intimate revisionist portrait of Fidel Castro showing how an unlikely young Cuban led his country in revolution and transfixed the world is sure to become the standard on Castro s early life Publishers Weekly Until now biographers have treated Castro s life like prosecutors scouring his past for evidence to convict a person they don t like or don t understand Young Castro challenges us to put aside the caricature of a bearded cigar munching anti American hothead to discover how Castro became the dictator who acted as a thorn in the side of US presidents for nearly half a century In this gripping and edifying narrative Hansen brings imposing research and notable erudition Booklist to Castro s early life showing Castro getting his toughness from a father who survived Spain s class system and colonial wars to become one of the most successful independent plantation owners in Cuba We see a boy running around that plantation more comfortable playing with the children of his father s laborers than his own classmates at elite boarding schools in Santiago de Cuba and Havana We discover a young man who writes flowery love letters from prison and contemplates the meaning of life a gregarious soul attentive to the needs of strangers but often indifferent to the needs of his own family These pages show a liberal democrat who admires FDR s New Deal policies and is skeptical of communism but is also hostile to American imperialism They show an audacious militant who stages a reckless attack on a military barracks but is canny about building an army of resisters In short Young Castro reveals a complex man The first American historian in a generation to gain access to the Castro archives in Havana Jonathan Hansen was able to secure cooperation from Castro s family and closest confidants He gained access to hundreds of never before seen letters and interviewed people he was the first to ask for their impressions of the man The result is a nuanced and penetrating portrait of a man at once brilliant arrogant bold vulnerable and all too human a man who having grown up on an island that felt like a colonial cage was compelled to lead his country to independence **Sandinista** Matilde Zimmermann, 2000 DIV The life and ideas of Carlos Fonseca Amador founder of the Sandinista National Liberation Front FSLN div *The Library Catalogs of the Hoover*
