Convicting the Yorkshire Ripper Richard Charles Cobb,2023-06-01 Finally for the first time in over 40 years the shocking true story behind the trial of most infamous serial killer in British criminal history comes to light In the mid 1970s Peter Sutcliffe aka The Yorkshire Ripper began a reign of terror across the North of England lasting five years with 13 women brutally murdered and resulting in the largest criminal manhunt in British history His trial in 1981 the unfolding of a real life horror story attracted vast crowds from across the world with every newspaper in the country sending journalists to cover what was dubbed the trial of the century For two weeks both prosecution and defense found themselves embroiled in a shocking and unexpected turn of events when Sutcliffe entered a plea of insanity What followed was an intense showdown between the psychiatrists and the prosecution as eyewitnesses who knew Sutcliffe best medical experts and serving police officers all took the stand to answer the big question Was Peter Sutcliffe suffering from diminished responsibility Or was he a cold and calculating killer The real story of what went on behind the scenes in the court room of the Old Bailey over those intense two weeks has never been revealed until now Using ground breaking new research never before seen images original court transcripts police reports and eyewitness testimony the author takes the reader on a step by step account of the court room drama presenting the truth about what actually happened and finally reveals just how close the Yorkshire Ripper came to getting away with murder

[Yorkshire Ripper - The Secret Murders](#) Chris Clark & Tim Tate,2015-06-29 In 1981 Peter Sutcliffe the Yorkshire Ripper was convicted of thirteen murders and seven attempted

murders All his proven victims were women most were prostitutes Astonishingly however this is not the whole truth There is a still secret story of how Sutcliffe s terrible reign of terror claimed at least twenty two more lives and left five other victims with terrible injuries These crimes attacks on men as well as women took place all over England not just in his known killing fields of Yorkshire and Lancashire Police and prosecution authorities have long known that Sutcliffe s reign of terror was far longer and far more widespread than the public has been led to believe But the evidence has been locked away in the files and archives ensuring that these murders and attempted murders remain unsolved today As a result the families of at least twenty two murdered women have been cheated of their right to know how and why their loved ones died the pain of living with that may diminish over time but it never fades away completely Five other victims survived his attacks their plight too has never been officially acknowledged Worse still police blunders and subsequent suppression of evidence ensured that three entirely innocent men were imprisoned for murders committed by the Yorkshire Ripper They each lost the best parts of their adult lives locked up and forgotten in stinking cells for more than two decades This book by a former police Intelligence Officer is the story not just of those long cold killings of the forgotten families and of three terrible miscarriages of justice It also uncovers Peter Sutcliffe s real motive for murder and reveals how he manipulated police prosecutors and psychiatrists to ensure that he serves his sentence in the comfort of a psychiatric hospital rather than a prison cell

On the Trail of the Yorkshire Ripper Richard Charles Cobb,2019-12-27 An outstanding analysis of Peter Sutcliffe his crimes his victims and the reasons for the failure of the police investigation North Yorks Enquirer Peter Sutcliffe The Yorkshire Ripper remains the most infamous serial killer in British criminal history His reign of terror saw 13 women brutally murdered and the largest criminal manhunt in British history Just like Jack the Ripper his Victorian counterpart of 1888 he remains a killer of almost mythical proportions yet the locations and circumstances surrounding his foul deeds remain a subject of confusion to this day until now Using ground breaking new research together with the original police reports newspaper descriptions and eye witness testimony we can finally present the truth about what actually happened For the first time in over four decades we re examine the crime scenes and deliver the real story of the Yorkshire Ripper murders An extremely detailed very comprehensive and at just over 200 pages not daunting to read next important addition to any student of true crime s library The True Crime Enthusiast

Revisiting the Yorkshire Ripper Murders Louise Wattis,2018-12-28 Between 1975 and 1980 Peter Sutcliffe who became known as the Yorkshire Ripper murdered 13 women in the North of England The murders provoked widespread fear amongst women and impacted the public consciousness at both the local and national level This book revisits the case applying a feminist and cultural criminological lens to explore a range of criminological concerns relating to

gender violence and victimhood Combining research findings from oral history interviews analysis of popular criminological texts and academic commentary this volume explores what the case can tell us about feminism fear of crime gender and serial murder and the representation of victims and sex workers The volume contributes to a creative cultural criminology highlighting how excavating recent criminal history and reading across texts presents new ways for understanding violence gender and representation in the contemporary context The Yorkshire Ripper Roger Harrington,2017-03-12 THE YORKSHIRE RIPPER Britain s Most Notorious Serial Killer Crimes of Pure Evil Not since the crimes of Jack the Ripper in 1888 has a British murderer made such a lasting impact on the world The Yorkshire Ripper holds one of the highest body counts in recent memory 13 murders and a string of other attacks which would later yield additional deaths and tragedy The frequency at which Peter Sutcliffe mercilessly took lives is something which few modern serial killers will ever surpass What makes Peter Sutcliffe a figure of terror is the fact that he is simply a working class everyman but one who harboured a violent compulsion he was unable to control The fact that the Yorkshire Ripper evaded capture for six years despite being at the forefront of investigations is a testament to his ability to hide in plain sight It is Peter Sutcliffe s banality which adds an additional layer of fear to an already terrifying character The Yorkshire Ripper Britain s Most Notorious Serial Killer is part of the Crimes of Pure Evil Series which looks at the dark truth of some of the world s most horrific serial murderers An uncomfortable but fascinating read A must read book for anyone interested in criminal psychology A portrait of pure evil
