The Interpretation of The Meaning of The Holy Quran Volume 43 - Surah An-Nur Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin *The Sociopragmatics of Stance* Peter J. Grund, 2021-11-15 Anchored in historical pragmatics historical sociolinguistics and corpus linguistics this book weaves together a powerful narrative of the significance of stance marking in the history of English Focusing on the community of practice that developed during the witch trials in Salem Massachusetts in 1692 1693 it showcases how witnesses and the recorders of their ca 450 depositions deployed linguistic features to signal the evaluation of experiences with alleged witchcraft the intensification of those experiences and the sources of the witnesses knowledge The resulting stance profiles for groups of depositions witnesses and recorders highlight varying strategies of claiming supporting and boosting the importance of the evidence and the role of the witnesses within the community of practice With its innovative focus on sociopragmatic variation in a historical community the book demonstrates the essential contribution of synchronic historical research to the analysis description and theorization of stance and historical English more broadly
