would drop Yet high attrition rates persist and may in fact be increasing Leaving the Ivory Tower thus turns the issue around and asks what is wrong with the structure and process of graduate education Based on hard evidence drawn from a survey of 816 completers and noncompleters and on interviews with noncompleters high and low Ph D productive faculty and Directors of Graduate study this book locates the root cause of attrition in the social structure and cultural organization of graduate education

The Ivory Tower (Esprios Classics) Henry James,2021-06-23 The Ivory Tower is an unfinished novel by Henry James posthumously published in 1917 The novel is a brooding story of Gilded Age America It centers on the riches earned by a pair of dying millionaires and ex partners Abel Gaw and Frank Betterman and their possibly corrupting effect on the people around them Even in its fragmentary state The Ivory Tower has received high sometimes extravagant praise Much of the praise though appears politically motivated Critics happy with James attack on excessive wealth and laissez faire capitalism have been willing to overlook the very slow pace of the novel and the extreme density of its prose
