The Gods Have Landed James R. Lewis, 1995-03-09 *The Gods Have Landed* is a comprehensive account of the religious dimension of the UFO flying saucer experience It examines the religious meanings attached to UFOs by the larger society as well as specific movements that claim inspiration from Space Brothers and other extra terrestrial sources It addresses the religious dimension of the phenomenon of alien abductions particularly the impact of extra terrestrial life on Christian theology Of special interest are the surveys of primary and secondary materials that make this book the indispensable reference on the subject

The Encyclopedia of Cults, Sects, and New Religions

James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults, Sects, and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups. Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians, Aum Shinrikyo and Heaven's Gate to obscure groups like Ordo Templi Satanas, Witches International and the Nudist Christian Church of the Blessed Virgin Jesus. In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism. This book a must for all libraries and schools will endure as the first and only point of reference for researchers, scholars, students and anyone interested in fringe religious groups. *Routledge Library Editions:*

Spiritualism Various, 2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues. The collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church, spirituality in Africa and Afro American religions as well as examining the areas of channeling, mediumship and spirit possession. In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult. This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to researchers, academics and students of anthropology, religion and sociology. **UFOs and the Extraterrestrial**

Contact Movement: The extraterrestrial contact movement George M. Eberhart, 1986 **Encyclopedia of Cults, Sects, and New Religions** James R. Lewis, 2002 No Marketing Blurb **Encyclopedic Sourcebook of Ufo Religions**

James R. Lewis, 2003-11 The macabre mass suicide by adherents of the Heaven's Gate Cult in 1997 was shocking and difficult to comprehend for most outsiders. Their bizarre mindset which mixed New Age religion with belief in extraterrestrial visitation struck many as unique. In fact as the contributors to this intriguing study show the belief in alien contact has had religious overtones since the first purported sighting of an unidentified flying object (UFO) in 1947. Moreover the religious dimensions of the UFO phenomenon may be the key to understanding the widespread appeal of this modern craze. An expert in new religions Professor James Lewis has here brought together twenty insightful articles that cover the many variations of UFO based religions. What the contributors demonstrate is that there are persistent and salient themes underlying the diversity of beliefs centered on the UFO phenomenon. Harkening back to theosophy many groups have interpreted UFO sightings and alleged contacts as attempts by alien ambassadors from a more advanced civilization to bring spiritual enlightenment to Earth where humanity is seen to be floundering in ignorance. The extraterrestrial message is usually channeled through a charismatic human leader who then mobilizes a group around this New Age revelation. The

Encyclopedic Sourcebook of UFO Religions discusses the histories and beliefs of prominent UFO based sects looks at group dynamics and other sociological factors and presents selections from the unusual literature of the various groups This revealing and disturbing study shows that there is much more to the UFO phenomenon than simple curiosity about the possibility of life on other planets *Independent Bishops* Gary L. Ward, Bertil Persson, Alan M. Bain, 1990 **Metaphysics and the New Age** Peter Daley, 2009-08-10 This work describes the dangers faced in the last half of the 20th century and the ways by which we were able to survive attacks from Outer Space and from Hell itself which could have entered the physical world at one stage The rest of the book contains details of Occultism and Mysticism which challenge the veracity of Church dogma which has denied and suppressed as heresy for 2000 years In these days we face a challenge unprecedented in human history Things are changing as the spiritualisation of the Earth proceeds at an increasing rate There will be no overt assistance from the planets until the atomic bombs are dismantled Meanwhile subtle means are deployed which can be related but which require sacrifices from those who have reached a higher level of evolution The material world is a shadow a reflection of inner worlds As its prisoners we do not know we are confined but there are ways of perceiving some facets of TRUTH which is STRANGER THAN FICTION Deviant-group Organizations Hubbard Taylor Buckner, 1964 **Odd Gods** James R. Lewis, 2001-02 Reviews the history and major tenets of many diverse religious sects across the full range of belief *Peculiar Prophets* James Lewis, 1999-06-30 This dictionary provides biographies of more than 350 alternative prophets and the groups they formed They include Herbert W Armstrong Worldwide Church of God Sri Aurobindo a major Hindu seer to the West Israel Baal Shem Tov Hassidic Judaism Helena P Blavatsky Theosophical Society Edgar Cayce psychic Louis Farrakhan Nation of Islam Charles Sherlock Fillmore Unity School of Christianity L Ron Hubbard Scientology Kathryn Kuhlman faith healer Ann Lee Shakers Jane Roberts New Age channel Starhawk Neopagan leader John Paul Twitchell ECKANKAR and Swami Paramahansa Yogananda Self Realization Fellowship **Bulletin of the Royal Institute for Inter-Faith Studies** , 1999 *Doomsday Prophecies* James R. Lewis, 2000 From the time of the earliest tribal religions high priests self proclaimed prophets and purveyors of doom have been predicting the end of time This encyclopedic survey of endtime predictions looks at the history of these prophets and the religious sects that forecast the exact dates that civilization would take its final bow Author James R Lewis eloquently remarks that all of these doomsday fear mongers have one thing in common they have all been wrong As the year 2000 ushers in a new millennium widespread interest in the end of the world judgment day and the return of a savior as predicted by many old and new groups has spread like wildfire across the planet Encompassing the truly bizarre the suicidal the homicidal and the almost believable Doomsday Prophecies touches on apocalyptic strains in each religion revealing that endtime predictions reach all the way back to Old Testament writings They have thrived for centuries and today they find new life with New Age religions and televangelists Included are prophecies from the Hindu scriptures the Ghost Dance Iroquois tradition the Shawnee prophet the Turner Diaries Aum

Shinrikyo the Branch Davidians the Children of God Rael Dorothy Martin Edgar Cayce Marshall Applewhite the Covenant the Sword and the Arm of the Lord and more Lewis includes everything from the longtime belief in a final battle between good and evil to the space age belief that heaven's gate can be reached through travel with alien beings Sometimes humorous often tragic this enduring book examines the questions raised by the mass appeal of prophetic movements as a theme in popular culture

New Religions in a Postmodern World R. Kranenborg, Mikael Rothstein, 2003 The volume presents a selection of papers read at the CESNUR 1997 conference in Amsterdam The articles are divided into four sections each with its own relevance to the study of new religions in contemporary society esotericism millennialism and eschatology religious leaders and more broadly social aspects of the new religions The contributors work in the fields of sociology sociology of religion history of religion anthropology and theology thus reflecting the well established tradition for interdisciplinary efforts in the study of new religions
